## COUNTIANS WILL TAKE PART IN FULL-SCALE C-D TEST ON APRIL 21

Adams County will participate in a full-scale, state-wide air raid alert and test of Civil Defense facilities and organization on April 21, during which all highway traffic will be halted and fire trucks, ambulances and other emergency vehicles and emergency services will be mobilized and take part in simulated rescue efforts, William G. Weaver, county C-D director, announced today.

Mr. Weaver said a meeting of all agencies involved in the forthcoming test will be held to set up plans for the county's participation and coordinated disaster relief measures.

**Mid-Afternoon Test**  
The State Council of Civil Defense has set the time for the air raid alert on April 21 from 2:35 through 2:48 p.m., Mr. Weaver said.

"During the alert, the general public will be required to discontinue all non-essential activities and to 'take cover,'" Mr. Weaver said. "In addition, county and local civil defense organizations will undertake such simulated emergency activities as may be considered either essential or desirable to the furtherance of local defense programs. Details will be worked out at the meeting, set tentatively for April 15."

The state C-D says the primary purposes of the test are to provide an opportunity for test of the public air raid warning system; to provide for public practice in the basic principles of self-preservation, and to gain added experience necessary to the promulgation of practical rules and regulations to be enforced in the event of enemy attack.

**To Sound Fire Sirens**  
The "alert" signals will be received from Harrisburg on the Gettysburg bell and lights system. These "signal boxes" which connect through the telephone system with Harrisburg headquarters are installed in the fire engine house radio room, state police substation, and at the homes of J. Weaver and Fire Chief Donald G. Jacobs.

The signals will be "fanned out" from radio headquarters in the fire engine house to the 22-radio equipped fire companies in the county. Gettysburg fire department firemen are to report at the engine house, and firemen throughout the county to their respective engine houses, Mr. Weaver said. The "red" alert will be sounded beginning at 2:35 p.m. and will end at 2:38 p.m., according to the state schedule. The theoretical (Please Turn to Page 5)

## CATCHES BOYS ENTERING HOME; DIMES MISSING

Two Littlestown area boys, aged 14 and 15 years, were free in the custody of their parents today for their appearance later in juvenile court after a series of thefts from the residence of Harry Yingling, Mill Rd., south of Littlestown. Today's reports indicated that only dimes were taken.

Littlestown Chief of Police Melvin Swab suspected Tuesday that a robbery had taken place but it was not until Wednesday evening he learned who the victim was.

On Tuesday, two boys asked Weikert's Bakery in Littlestown to change \$8 in dimes into bills. Charles W. Weikert, son of the bakery owner, reported the matter to Chief Swab but the officer had no reports of (Please Turn to Page 5)

## CREDIT BUREAU MEETS APRIL 20

A meeting of the Credit Bureau of Adams County will be held April 20 at 8 p.m. in the fire engine house to elect permanent officers, it was announced today.

Ernest Dulaney, credit bureau manager, said that the membership drive is entering its final stage, with Littlestown businessmen being contacted individually. Representatives attended a meeting in Biglerville Wednesday night and explained the proposed operations of the bureau and individual contacts will follow.

New members not previously announced include Gettysburg Appliance Store; Vance Stitzel, farm equipment; Ditzler's Furniture (Continued on Page 2)

## Set Dates For Annual Times Cooking Schools

Dates were set today for the annual Gettysburg Times cooking schools to be held in Gettysburg, Littlestown and at the South Mountain Fairgrounds.

Miss Madeline Linehan of Ipswich, Mass., who conducted the lectures and demonstrations last year, will return by popular demand. She will have as assistants Miss Ann Gregory, also of Ipswich; Mrs. Elizabeth Wible, home economist of the Metropolitan Edison Co., and three others not yet named.

The dates will be: Littlestown, St. Aloysius Hall, May 11 and 12; Memorial Auditorium, South Mountain Fairgrounds, May 14 and 15, and Hotel Gettysburg annex, May 19, 20 and 21.

Three refrigerators, valued at \$1,000, will be awarded as grand prizes and 180 food baskets with a minimum value of \$10 each, will be given away.

## 5 CAMPSHIPS AWARDED TO GIRL SCOUTS

Two senior Girl Scouts and three Intermediate Girl Scouts were awarded "campsips" for Girl Scout summer camps at a meeting of the Camp Committee of the Adams County Girl Scout Council Wednesday night in the Girl Scout headquarters, First National Bank Building.

Seniors chosen are Sally Smith, Troop 10, Gettysburg, and Fay Fissel, Troop 26, Littlestown. The Intermediates are Loraine Kane, Troop 33, Fairfield; Marilyn Culp, Troop 7, Gettysburg, and Joanne Humbert, Troop 17, New Oxford. Mrs. Hilda Arter, Littlestown, camp chairman, who presided at the meeting, announced that an overnight outdoor training school on outdoor cooking and camping will be held for leaders and troop committee women at Camp Conecawgo April 25 and 26. Mrs. Arter will be in charge.

**Meet Next On April 22**  
Miss Emma Scott will direct the day camps at Camp Conecawgo and Camp South Mountain this summer and Mrs. Arter will be in charge at Camp Little.

Present at the meeting were Mrs. Arter, Miss Marie Schachle, Biglerville; Mrs. George Stravig, Littlestown; Mrs. Melvin Fiedler, Gettysburg; Mrs. George Rabenstein, Littlestown; Mrs. Elton Kessel, Gettysburg and Mrs. M. Hardy Nichols, Gettysburg, executive secretary.

The next meeting will be held in the Girl Scout headquarters April 22 at 8 p.m. and will be a meeting for members of the staff of the South Mountain camp.

## Plan Water Show In College Pool

A water carnival and ballet, sponsored by the Physical Education Majors Club of Gettysburg College, will be presented in the college swimming pool Wednesday and Thursday evenings, April 22 and 23, at 7:30 o'clock.

Proceeds derived from 25 cent donations will be given to a fund for underprivileged children in Pennsylvania, according to William Sechrist, a member of the club. The carnival is open to the public.

Members of the club and outstanding swimmers enrolled at the college will participate. Coed swimmers will present a ballet while male students are scheduled to put on a clown diving act as features.

## Appeal Award Of Viewers For School Land

An appeal from the award of the Board of Viewers to the Colt Park Development Co. against the Gettysburg Joint School System was filed Wednesday afternoon in the office of the county prothonotary by Richard A. Brown, school board attorney, asking the Adams County Court to determine the amount to be paid for land taken from the development company as a site for a new elementary school.

The report of the Board of Viewers awarding the development company \$35,000 for the land was filed March 9, according to the appeal, which is against the award and from the decree of confirmation nisi, on the grounds that the amount is "high and excessive."

The appeal was brought by the Gettysburg School Board and the school boards of Cumberland, Freedom, Highland, Strasburg and Mt. Joy Twp.s, as members of the joint board, against William H. Musser Jr., S. Blaine Miller, Francis L. Sanders and Joel M. Hill, trading as the Colt Park Development Co.

## R. C. SWIMMING CLASSES MAY BE MORE EXTENSIVE

The board of directors of the Adams County Red Cross approved a summer water safety program for the children of the county at their April meeting Wednesday evening but pointed out that unless the \$14,000 fund drive goal is attained the swimming classes will have to be on a less extensive scale than last year.

The request for approval of an expanded water safety program was brought before the board by Mrs. E. J. Norwick Jr., water safety chairman for the county chapter. She said the training in swimming given hundreds of county youngsters last summer cost the chapter \$334. There is only \$275 in the 1953 budget for water safety.

While the outcome of the finance drive will determine the scope of the swimming instruction program, the board discussed means of offering this training to youngsters in more sections of the county this year. Last summer a pool at Littlestown, the Gettysburg Country Club and the Battlefield pools were used. The hope that classes can be offered at some convenient place for the York Springs, East Berlin, New Oxford, Abbotstown boys and girls was expressed.

**Increase First Aid**  
At the same session steps were taken to extend the first aid program — described as being equal in importance to the water safety training — by holding more standard first aid classes, enlarging the staff of instructors and securing a First Aid Division chairman for the chapter.

Mrs. Maxwell Bucklew, executive secretary for the chapter, said one first aid class has just been completed in New Oxford and another will start this evening at the engine house here, intended specially for Civil Defense personnel but open to the general public. Reports of the progress of the March fund drive were given by Chairman Charles W. Wolf and Mrs. Bucklew. Cash turned in to (Continued on Page 2)

## 25 COUNTIANS FAILED TO BUY DOG LICENSES

Twenty-five Adams County residents, most of them in the northern section of the county, were cited Tuesday and Wednesday by dog law enforcement officers for failing to have 1953 tags and licenses for their animals.

Fifteen of those cited paid fines of \$5 and costs each to Justice of the Peace John H. Baschore Wednesday. Notices were left with the ten others by the enforcement officers. Those who paid fines were: Edward Staub, Biglerville R. 1; Luther Horick, Bendersville; Glenn Hartman, Biglerville R. 1; Walter Reard, Biglerville R. 2; Dewey Bower, Biglerville R. 2; Jacob Herman, Biglerville R. 2; Donald Richardson, Biglerville R. 1; Paul Forsythe, Aspers; Charles Hess, Biglerville R. 1; Richard Galusha, Bendersville; Marshall Longenecker, Biglerville R. 2; Ernest Lehman, Bendersville; E. K. Albright, Bendersville R. 1; and Glenn Peters, Aspers.

**Spurs License Business**  
Those given notices but who have not paid are: Luther Shaffer, Gettysburg R. 3; Arthur Naylor, Aspers R. D.; Martin Walter, Bendersville; Freda Kuhn, Aspers; Alva Pyles, Aspers; Charles Asper, Aspers; Lloyd Kuhn, Bendersville; Dorothy (Continued on Page 2)

## College Graduate Wounded In Korea

Second Lt. William Nebinger, 22, Red Lion, is a patient at Walter Reed Hospital, Washington, D. C., suffering from head injuries received in combat Jan. 28 in Korea while serving with the Seventh Infantry Division.

Lt. Nebinger, son of the late Mr. and Mrs. Bruce Nebinger, entered the service Dec. 2, 1952. He received training at Ft. Benning, Ga., and Ft. Breckinridge, Ky., and was sent to Korea last November. His condition is reported as satisfactory.

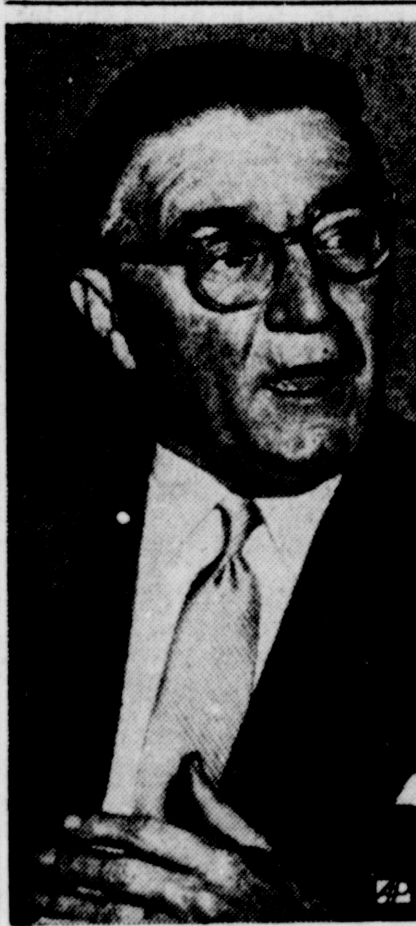

He is a graduate of Red Lion High School and of Gettysburg College, where he was a member of the Reserve Officers Training Corps.

**JAILED FOR HEARING**  
Charles Eugene Miller, 22, Orrtanna R. 1, was arrested Wednesday night by state police from the Gettysburg substation on a disorderly conduct charge. He was involved in a disturbance at Mt. Newman on the old Lincoln Highway. He was charged before Justice of the Peace John H. Baschore and sent to jail for a hearing Saturday morning at 10 o'clock.

20% reductions on Spring coats and suits. Also one group of millinery. Sale starting Friday, April 10. Virginia M. Myers, 115 Baltimore St.

## Tells Of Tax Write-Offs

T. Coleman Andrews, the new Internal Revenue Commissioner, testified Wednesday that the government has written off, as not collectible, income and other taxes to the amount of 50-55 million dollars a year in the last three years. In addition, he told a Senate Appropriations subcommittee it made compromise settlements which reduced tax claims about 10 million dollars a year.

## COMMITTEES OF CHURCH GROUP ARE APPOINTED

Mrs. Roy H. Hammond, new president of the Woman's Auxiliary of the Prince of Peace Episcopal Church, presided at the first meeting of the auxiliary's new year in the parish house Wednesday night. Twelve members attended. Devotions were conducted by Mrs. A. A. Hughes. Mrs. Samuel Miller served as secretary. Mrs. Conway Williams, retiring treasurer, reported that the group exceeded slightly the \$875 budget set for last year. The annual budget report of Mrs. Adrian Feikert, finance chairman, disclosed that \$335 had been paid to the church treasury, which included \$35 for altar work, in addition to funds spent for missions, religious education, program and upkeep of the parish house. Mrs. Williams reported proceeds of \$81 from the March rummage sale, half of which was donated to the Altar Guild.

The president appointed the following committees for the year: Social relations, Mrs. Miller and Miss Christine Angiolis; promotion, Mrs. Guyon E. Buehler and Mrs. Helen Brown; housekeeping, Mrs. Philip Noble, Miss Betty Lank, Mrs. O. G. MacPherson, Mrs. Donald (Continued on Page 10)

## Reimbursement For Schools Is Received

Notice of state reimbursement for school rental amounting to \$4,145.44 for the Gettysburg Joint School System, representing an amount paid annually to the jointure for new buildings, was received today by County School Superintendent J. Floyd Slaybaugh.

The reimbursement is divided as follows: Gettysburg borough, \$1,331.14; Cumberland Twp., \$672.69; Franklin Twp., \$936.49; Freedom Twp., \$1,650.59; Highland Twp., \$146.58; Mt. Joy Twp., \$271.46 and Strasburg Twp., \$626.49.

## Second Arion Music Award To Be Given At "Night Of Music"

Presentation of the Arion Foundation Award for outstanding musical achievement to a member of the Senior Band at Gettysburg High School will be a feature of the second annual Night of Music to be presented at the high school gymnasium Friday evening at 7:30 o'clock. It was announced today by Robert G. Zeigler, director.

The award was given for the first time last spring when Sidney Shade was the recipient. Now a student at Pennsylvania State College, Shade is a member of the Blue Band there. Names of the nearly 250 students who will take part in the musical program Friday evening with performances by junior and senior majorettes as an added attraction were announced today.

The list follows:  
**Senior Band**  
Flute and Piccolo, Joyce Musselman.  
Clarinet, Joyce Mehring, Jeanne Little, Joann Deardoff, Carolyn Ketterman, Shirley Kennel, Lorene Tate, Nancy Eiker, Hugh McIlhenny, Ruthetta Plank, John Butterfield.

## Former Littlestown Physician In Korea

Captain Arthur C. Richards Jr., formerly of Littlestown where he practiced medicine for several years, is a recent graduate of the newly established Medical Field Service School in the Korean combat area. He has been in the Far East since January and has been assigned to a unit within the Eighth Army.

Captain Richards is a graduate of Gettysburg College. He received his medical degree from Jefferson Medical College, Philadelphia. After practicing at Littlestown he returned to Philadelphia for post graduate study. He was a resident obstetrician and gynecologist at Pennsylvania Hospital, Philadelphia, when he was called into service. Mrs. Richards and daughter, Christine, reside in Ambler, Pa.

## CRASH DRIVER CHARGED WITH TIPSU DRIVING

A North Carolina truck driver pleaded guilty Wednesday evening to a drunken driving charge before Justice of the Peace Robert P. Snyder following a crash at Cross Keys a few hours earlier that sent two men to the Hanover Hospital and caused \$375 damage.

The truck driver, Raymond Glenn Bradley, 32, Elkins, N. C., was released under \$1,000 bail this morning for court after spending the night in the Adams County Jail. State police from the Gettysburg substation investigated the accident and made the arrest.

The crash occurred while State Highway Department workmen were working on highway changes at the intersection which are intended to reduce the accident toll there.

**Big Truck Is Upset**  
In the Hanover Hospital with chest and internal injuries are Robert E. Gayman, 23, Pleasant Hill, Pa., and J. R. Mammou, 52, Mt. Joy. Gayman is the operator of a light pickup truck traveling west on the Lincoln Highway which was struck by Bradley's big truck tractor and trailer southbound on Route 94. Mammou was an occupant of the Gayman truck.

State police said Bradley failed to stop his big truck at the stop sign and struck the Gayman truck. The truck Bradley before a physician who pronounced him "unfit to operate a motor vehicle" and the charges followed. The impact upset Bradley's truck but Bradley was unhurt. Damage to the Bradley truck was estimated at \$75 while Gayman's truck was damaged to the extent of about \$300.

**New Clerk Starts Park Office Duties**  
Richard J. Smith, former chief in the National Park Service at the Yellowstone National Park and Crater Lake National Park, at Medford, Ore., began his new duties as chief clerk in the office of the National Park Service in Gettysburg Tuesday. He succeeds Wayne Weagly, who was transferred to Washington, D. C., several months ago.

Mr. Smith joined the park service at Yellowstone in 1936, and held several positions there, including that of chief clerk, for more than seven years. He then was employed in the park service at Crater Lake for four years, leaving to enter the real estate and insurance business. He gave up the latter to come to Gettysburg.

Mr. and Mrs. Smith and a 16-year-old daughter made the cross country trip to Gettysburg by automobile, arriving here Monday.

## Commissioners Vote \$2,707 For Road Work

The Adams County Commissioners, at their weekly meeting at the court house Wednesday, voted \$2,707.82 from the county's liquid funds tax fund to Mt. Pleasant Twp. for highway improvements. Of the amount, \$1,000 will be used toward the cost of a V-type snowplow for a new grader purchased by the township, and the remainder will be spent for repairs on township routes 424, 440 and 428.

The commissioners view county bridge 62 between Union and Conecawgo Twp.s and voted to have Charles Albright, East Berlin, replace broken planking.

## MRS. C. W. OREM ELECTED HEAD OF WOMAN'S CLUB

Mrs. Charles W. Orem, New Oxford, was elected president of the Woman's Club of Gettysburg at a meeting of the organization Wednesday afternoon at the Gettysburg National Museum. Additional officers named were: vice president, Mrs. Frank H. Kramer; second vice president, Mrs. Philip Noble; recording secretary, Mrs. Eugene R. Hartman; corresponding secretary, Mrs. Guile W. Lefever; treasurer, Mrs. Mark A. Eckert. Mrs. Milton R. Tipton was chairman of the nominating committee. The officers will be installed at the May meeting. Mrs. Frederic Griest, outgoing president, presided during the business session.

A lecture was given by Joseph Rosensteel at the Electric Map.

The club announced that it will continue to sponsor Girl Scout Troop 10. Ice cream was donated to the guests of the County Home Easter Sunday by the organization.

**Joint Meeting Next Week**  
The county Federation of Women's Clubs will hold a joint meeting at the Redeemer's Reformed Church in Littlestown next Wednesday evening. A dinner will be served at 6:30 o'clock for which reservations may be made with Mrs. Frank H. Kramer up to Friday. Mrs. Robert Bagshaw, Hanover, and Mrs. A. L. Leibensperger, York, vice president of the South Central District of the Pennsylvania Federation of Women's Clubs, will be the speakers. Plans were discussed for projects to be carried out in the coming year.

Mr. and Mrs. George Rosensteel, who were host and hostess to the club, served refreshments. Mrs. Lloyd C. Keefe, chairman of the hostess committee, was assisted by Mrs. Floyd Slaybaugh, Mrs. John Stahle, Mrs. John D. Teeter, Mrs. Luther Sachs, Mrs. Robert A. Wills and Mrs. Clarence Wilson. Mrs. LeRoy Winebrenner was chairman of the meeting.

## SCHOOL BOARDS STUDY BIDS ON TWO BUILDINGS

Biglerville and Arendtsville school boards as building committees for the elementary school structures to be erected at the respective towns are studying a complicated stack of bids on general, plumbing and heating and electrical work preparatory to the awarding of contracts.

Bids were opened by the two school boards at a joint meeting in the Biglerville High School building Tuesday night.

Bidders for the general contract in most instances submitted a bid on each school and a combined bid on the two structures also were submitted by prospective contractors for the plumbing and heating and electrical work. An Upper Adams Jointure spokesman said today that alternate bids on materials and plans make it impossible to compare the offers until a thorough study is made by the boards.

**Award Contracts In Week**  
A special meeting of each board is expected within a week to award contracts for the work which is to begin within 60 days. Completion date for both buildings is June 15, 1954. Each is to be an eight-room structure with an all-purpose room.

Bidders for the general contract on the Arendtsville building are C. M. Gross, Dover R. 2; O. H. Hostetter, Hanover; R. S. Mowery, Carlisle. The general contract bidders at Biglerville are Gross, Hostetter, Mowery and U. H. Mecke, McSherrystown.

Bidders for the plumbing and heating work are: Bert West, Biglerville; Diller Wierman, Hanover; B. R. Noggle, Carlisle; I. H. Crouse and Sons, Littlestown; Keystone Grate and Blower Company, Chambersburg; H. N. Bange, Hanover, and Worden and Shewell, Inc., York.

Electrical contract bidders are the Swam Electrical Company, Hanover; John A. Klinefelter, Biglerville; H. N. Bange, Hanover, and Hull's Electrical Service, Gettysburg.

**HOSPITAL REPORT**  
The following were operated upon this morning at the Warner Hospital for the removal of their tonsils: Barbara Ann and Kevin Helrick, 149 Hanover St., and Mary Lehigh, Hanover R. 3.  
Admissions: Viola Kuykendall, 55 Chambersburg St.; Mrs. William Knouse, Orrtanna R. 1; Charles Small, 45 South St.; Mrs. Nathaniel Knowles, Littlestown R. 2; Mrs. David Aldridge, Westminster; Mrs. Francis Jones, Dillsburg R. 2, and Mrs. Richard Adkins, Union Bridge, Md.  
Discharges: Harvey Whitmore, Detour, Md.; Mrs. Purcell Bohrer and infant daughter, Arendtsville; Mrs. Lee Reinecker and infant daughter, Biglerville R. 2; Mrs. Walter Kuhn, Gettysburg R. 5; Mrs. Clyde Monn and infant daughter, Gettysburg R. 2; Joseph Pettit, Rahway, N. J.; Mrs. Paul Whisler, Gardner R. 1, and Fred Bly, New Oxford R. 2.

## Plan Child Welfare Dinner For May 5

Plans for the annual meeting of the Adams County Child Welfare Service's annual dinner meeting were discussed at a meeting of the Advisory committee Tuesday night in the service's offices on Baltimore St. The meeting will be held at 6:45 p.m. May 5 in Redeemer's Reformed Church, Littlestown.

The program will feature a panel discussion on foster home care with Judge W. C. Sheely as moderator. Taking part will be County Commissioner Clark Fetter; Miss Bettie Livermore, executive secretary; Mrs. John Schwartz, Littlestown R. D., a foster mother, and a foster father not yet named.

The dinner will honor all foster parents of the county. Other persons interested in the work of the service and in foster homes are invited to make reservations for the dinner meeting at the Baltimore St. office. The dinner will be \$1.50.

## JUDGE SHEELY ENDORSED FOR STATE BENCH

The members of the Adams County Bar Association at a special meeting Wednesday afternoon at the Court House "unanimously and unreservedly" endorsed the candidacy of Judge W. C. Sheely for nomination and election to the Superior Court of Pennsylvania.

The county lawyers commended Judge Sheely's candidacy and will send copies of Wednesday's resolution to bar associations throughout the state.

The resolution pointed out that "in 17 years as president judge in the 51st Judicial District comprising Adams and Fulton Counties and while presiding specially in other courts throughout the state, Judge Sheely has performed distinguished service to and has honored the bench and bar of Pennsylvania and has demonstrated his fitness for preserving the fine traditions of the Superior Court of Pennsylvania."

**Named To Committee**  
President Richard A. Brown presided at the meeting and appointed Attorneys Edward B. Bullett and John MacPhail as the Adams County members of a joint bar committee working for a division of the Middle District of the U. S. Court in Pennsylvania. The move has been the backing of the bar groups in south central Pennsylvania for some time and an organized movement is now underway to have the Middle District divided for the convenience of this section of the state. To transact business in the Middle District court it is necessary now to go to Scranton. Mr. MacPhail is secretary of the county bar association here.

Friday's meeting was held at 4 p.m.

## WESLEY CHAPEL HOMECOMING IS LISTED SUNDAY

Homecoming services will be held throughout Sunday at the Wesley Chapel Methodist Church, Fourtandale, in observance of the 96th anniversary of the church.

Sunday School will be held at 10:30 a.m. and will be followed at 10:30 by a worship service during which the sermon will be delivered by Dr. John Howe, of the Westminster, Md. Special music for the worship service will be furnished by the Mt. Alto Methodist Choir.

A musical program will be presented in the afternoon at 2:30 o'clock by the Men's Chorus of St. Matthew's Lutheran Church, Hanover.

The evening service will be held at 7:30 o'clock with sermon by the pastor, the Rev. Kenneth Bonham. Included in the special music to be presented will be solos by Eugene Cline and Robert Small, duet by Eugene Cline and Raymond Gilliland, selections by the Wesley Chapel Choir and congregational singing. Mrs. Mary Lee Cline will be the pianist.

**RECEIVE DONATIONS**  
A check for \$10 was received from the Gettysburg Joint School System and one for \$5 from R. W. Maitland, Herr's Ridge. Firemen repaired the flagpole at the high school. They were called to the Maitland home recently for a chimney fire.

Fred Faber Jr. was dropped from the rolls of the fire company on his own request. He has moved to Harrisburg, his letter said. Two proposals for membership were received and referred to the investigating committee, and one new member was accepted, Francis M. Garlach, 323 Baltimore St. He is a son of the late Frank Garlach, a member of the company before its reorganization. President Weaver said.

**TO VISIT SEMINARY**  
A group of pre-ministerial students of Thiel College, Greenville, Pa., under the leadership of Prof. Theodore Scheiffe, a graduate of the Gettysburg Lutheran Theological Seminary, class of 1942, will visit the seminary on Friday. They will be entertained by a student-faculty group, with Eugene Ries, seminary student, as chairman.

**STUDENTS VISIT MUSEUM**  
The History students of the Junior Class of Gettysburg High School attended a lecture at the electric map in the Gettysburg National Museum Wednesday.

## FIREMEN ORDER NEW BODY FOR RESCUE TRUCK

Members of the Gettysburg Fire Department voted at their April meeting in the fire engine house, Wednesday night, to purchase a body for its new rescue truck, the chassis for which was ordered last month. The cost for the chassis, body and equipment will be \$11,212.39. The firemen will file application with the Federal Civil Defense Authorities for one half of the cost.

The bid of the Sharpville Steel Fabricators Inc. Co. of Sharon, Pa., was the lowest of three bids received, \$6,362. The George D. Galley Co., Mt. Pleasant, Pa., submitted a bid of \$7,970, and the bid of the Allegheny Body Co., Philadelphia, was \$7,500. The firemen voted at the March meeting to purchase a Ford chassis for the rescue truck for \$3,801.

Additional items which will bring the total cost to the \$11,212.39, and for which C-D funds will be sought, include a portable saw and acetylene cutting equipment, \$242.31; heater, \$287.23; two smoke masks, \$300, and a rectifying system to "step up" the generator, \$219.85.

**Available To York**  
The action followed an explanation of the C-D matching funds plan by Fire Company President William G. Weaver. Mr. Weaver said that the original application for one half the cost of the new truck and equipment was rejected on the grounds that Gettysburg is not in a critical defense area. He said that a later communication advised the submission of a new application with an agreement that the Gettysburg rescue truck will be available for use at York if needed in Civil Defense.

Assistant Chief Donald McSherry, chairman of the Battle Anniversary Committee, reported that plans for the 90th anniversary observance this summer were progressing, but said that every member of the fire company would be expected to do his part to make it a success. He announced that a meeting of the Book Committee will be held at the fire engine house Tuesday night at 7 p.m. Assistant Chief Donald E. Staub called a meeting of the Kitchen Committee for the Recreation Park festival, to be held at the engine house Monday night at 7 o'clock.

**Invite Nixon To Speak**  
President Weaver said, as previously announced in The Gettysburg Times, that the U. S. Air Force Drum and Bugle Corps will lead the parade on July 4 and give a concert at the high school athletic field Sunday evening, July 5. An invitation has been extended, through Senator Edward Martin, to have Vice President Richard Nixon as the Sunday night speaker. Arrangements have also been made to have army troops here here for the parade.

A letter was received from the Adams County Cancer Society requesting members of the fire company to contribute to its annual financial campaign. Another letter, from the Lions Club, asking the fire company to send a representative to a meeting on May 12 to consider the proposal for a new community building, was also read. President Weaver said he would name this representative later.

**Receive Donations**  
A check for \$10 was received from the Gettysburg Joint School System and one for \$5 from R. W. Maitland, Herr's Ridge. Firemen repaired the flagpole at the high school. They were called to the Maitland home recently for a chimney fire.

Fred Faber Jr. was dropped from the rolls of the fire company on his own request. He has moved to Harrisburg, his letter said. Two proposals for membership were received and referred to the investigating committee, and one new member was accepted, Francis M. They will be entertained by a student-faculty group, with Eugene Ries, seminary student, as chairman.

**STUDENTS VISIT MUSEUM**  
The History students of the Junior Class of Gettysburg High School attended a lecture at the electric map in the Gettysburg National Museum Wednesday.

After Easter sale, Topper 25% off; also unlined suits \$9.95 to \$10.95. Smart Shoppe, 22 Carlisle Street.

## CLASS TO BUY NEW GOWNS FOR CHURCH CHOIR AT LITTLESTOWN

The Loyalty Sunday School class of St. Paul's Lutheran Church decided to purchase new gowns for the Senior choir of the church, at the April meeting of the class held on Monday evening at the church. The committee in charge of selecting the gowns is composed of the pastor, the Rev. David S. Kammerer, L. Robert Snyder, choir director, Miss Betty Reindollar, Mrs. Clinton O. Sentz, Mrs. Robert B. DeGroot and Mrs. Carl H. Baumgardner.

The meeting, which was in charge of the vice president, Mrs. Clinton O. Sentz, opened with the group singing of "What A Friend We Have in Jesus." Miss Mary Wintrobe read the Scripture and the Lord's Prayer was repeated in unison. Reports were given by the assistant secretary, Mrs. Robert W. Gouker, and the treasurer, Mrs. Esther R. Wolfe. Plans were made to hold the annual mother and daughter covered dish supper in connection with the next meeting on Monday, May 4, at the church with the members of Group Five in charge. Group Five is composed of Mrs. J. Robert Sell, chairman, Mrs. Charles E. Rabenstein, Mrs. Robert Mayers, Mrs. Paul Mayers, Mrs. Claude White, Mrs. Milton Harner, Mrs. Harold Messinger and Mrs. Cora Helmbrecht. One new member was welcomed into the class, Mrs. George Rhodes. The guess package was contributed by Mrs. Arthur E. Blair Jr. and received by Mrs. J. Robert Sell. Contests were held in charge of Mrs. Esther R. Wolfe and were won by Mrs. David S. Kammerer and Mrs. Emory Gitt.

(Continued from Page 1)

the chapter office now totals \$12,356 but sums known to be in the hands of collectors brings the total to \$13,044. The goal is \$14,000.

Mrs. Bucklew said New Oxford, East Berlin, Abbotstown, Fairfield, Gettysburg Rural (South) and Gettysburg businesses and organizations have met or exceeded their individual quotas. Biglerville, York Springs, McSherrytown, Littlestown, Arendtsville and Gettysburg residential were described as having more money to turn in with the prospect of reaching their goals. Special attention will be given to the Cashtown district where only \$10 has been received.

Chairman George L. Haenn, who presided, read a letter from the director of Red Cross field service commending Chairman Wolf on securing the President Eisenhower donation and organizing the "C-Noters" club.

Expressing disappointment with the response of countians to the Red Cross Blood Donor program, Radford H. Lippy, chapter Blood Donor chairman for nearly a decade, urged the selection of a new chairman in the hope of getting a better response to the appeal for blood for fighting men in Korea and for the gamma globulin program to fight polio.

Mr. Lippy praised the volunteer staff that has helped with 15 blood donor days here since the program was revived in October, 1950, and said 2,007 pints of blood has been gathered here in that time—an average of 132 pints a trip. The Baltimore center which collects blood here has consistently led all centers in the nation in the amount of blood collected, Mr. Lippy said.

Accept Elks' Offer  
He announced that the Elks lodge has offered to use of its building as the Blood Donor Center for the next year. The offer has been gladly accepted by the Red Cross because of the greater convenience in operation there as compared with the old location at College Lutheran Church. The March donor center was operated at the Elks' home.

Mr. Lippy pointed out that of the 207 volunteers who had dates to give blood last month, 104 failed to appear and only the appearance of 18 "walk-ins" kept the total donations above 100. Chairman Haenn and other members of the board praised Mr. Lippy's work and urged him to continue in the chairmanship. He indicated he may resign July 1.

The chapter will be seeking a new Canteen Committee chairman on that date, Mr. Haenn said. Mrs. H. S. Fox has submitted her resignation as of that date.

After a discussion, the board decided to continue the practice of the Blood Donor station 50 cents for charging volunteer staff workers at their noon lunches to help meet food costs. It was pointed out that the practice is in accordance with a national Red Cross directive and that to offer free meals would mean an annual cost of \$125 or more.

Home Service Report  
The regular report on Home Service work of the last two months was given by Mrs. Albert Bachman. She said 18 servicemen and their families, 10 veterans and 12 civilians were helped in February and 23 civilians in March.

The board approved plans for a training course for staff aides which Miss Margaret McMillan, former executive secretary, has offered to instruct.

The directors also gave Mrs. Bucklew permission to attend an executive secretaries' training school when that opportunity is offered by national headquarters.

Mrs. Bucklew read the report of Treasurer Paul L. Spangler.

# Littlestown Firemen Table Plan To Buy Service Truck; Would Cost About \$5,000 Without Chassis

Sixty-six members of the Alpha Fire Company No. 1 held a lengthy discussion concerning the purchase of a service truck at the April meeting of the company on Tuesday evening at the engine house and the tabled the matter. The committee appointed to investigate the possible purchase and price reported on a meeting held with a truck manufacturing company recently. The purchase price without the chassis would be approximately \$5,000. Robert Koonz and John Burgoon reported for the committee. Following the financial report by the treasurer, Paul E. Altoff, it was decided to table the matter until after the August carnival, because at present the company finances would not permit consideration of such a large cash outlay. The committee will function until a final decision is reached.

The meeting, which was in charge of the president, Monroe J. Stavely, opened with the group singing of "America" and prayer in unison. Secretary Harry W. Badders gave his report. Upon approval of the investigating committee, Richard Crouse and Fred W. King were voted into membership. Bills were ordered paid amounting to \$45.54. Receipts for the evening were \$218.50, including a donation of \$10 from Bernard W. Dutterer for services rendered by the company.

**Accept Parade Bids**  
Two invitations were received to participate in parades; the Eagles Fire Company, Hanover, on May 22, and the Battle of Gettysburg anniversary parade on July 4th. One of the trucks and several of the members will take part.

Information was given concerning the first aid course to be held under the sponsoring of the Red Cross in Gettysburg, in the near future. Interested firemen are asked to enroll as soon as possible.

**One Call In March**  
Bernard M. Selby, general chairman of the annual carnival, to be held the first full week in August, appointed the following to serve as a committee to secure entertainment for the carnival; Paul E. Altoff, Edward G. Loeffel and Monroe J. Stavely. Members were reminded of the smoker to be held Friday evening, April 24, for which additional tickets, if needed, may be secured from Paul E. Altoff. There will be shrimp and the other usual attractions.

## CHURCHES PLAN IN-GATHERING ON NEXT SUNDAY

Congregations of Zwingli Reformed Churches in East Berlin and Hampton respectively will hold their in-gathering of Lenten denial folders at the morning services Sunday. Funds at Zwingli Church will be applied to the cost of a new roof on the church. The Consistory awarded the contract last Sunday to Glenn Herman of East Berlin. The Hampton funds will be used for painting the exterior of the church.

New members were received in the various congregations of the East Berlin charge on Easter Sunday, as follows:

Emmanuel, Hampton, Evelyn Inskip, Clarence Albert Neiman, and June (Houser) Neiman, by confirmation, and June (Flickinger) Chronister by transfer.

St. Paul's, Red Run, Marie Wallace, Louise Wallace and Jean Wallace by confirmation and Mrs. William Wallace by transfer.

Zwingli, Shirley Berkheimer, Fern Hull and Norma Jean Spangler by confirmation.

St. John's, New Chester, Charles Marquet and Nelson Groupe by confirmation.

St. Paul's, Red Run, Marie Wallace, Louise Wallace and Jean Wallace by confirmation and Mrs. William Wallace by transfer.

Zwingli, Shirley Berkheimer, Fern Hull and Norma Jean Spangler by confirmation.

St. John's, Rosalie Ann, Kenneth Charles and Cary Wayne, children of Mr. and Mrs. Charles Marquet; Anita Diane, daughter of Mr. and Mrs. Carroll Slothour, and Nancy Lee and Irene May, daughters of Mr. and Mrs. Ralph Rummel.

Class Will Meet  
St. Paul's, Jean Loretta and Shirley Blanche, daughters of Mr. and Mrs. William Wallace.

Zwingli, Kathy Joanne, daughter of Mr. and Mrs. Victor Glatfelter. Membership instruction classes in the charge will be conducted the next two Saturdays, at St. John's at 1:30 p.m. and Zwingli at 1:15 p.m.

The Willing Workers Class of St. John's will meet in the parish hall Friday evening at 8 o'clock. The Fellowship will hold its bi-monthly meeting Sunday evening at 7:30 o'clock. The Senior Choir will meet at the Edgar Millhines home Tuesday at 7:30 p.m. Plans for public suppers by the Women's Guild, Emmanuel Church, April 10, and the Mite Society of Zwingli on April 18 have been cancelled.

## Girl, 12, Gives Birth To Twins

**RUSSELLVILLE, Ky.** (AP)—It's twin boys for Mrs. Myrtle Brummett, who is "ticked to death" to be mother at the age of 12.

Her new family—Donald and Ronald, both brunets—arrived Monday at Legan County Hospital. Each tipped the scales at a little more than four pounds. They will be kept in incubators until they gain weight.

Mrs. Brummett has been staying here with her mother and stepfather since her husband, William, 22, was stationed at an Army post in Maryland.

## Cargo Thefts In Pusan Are Serious

**PUSAN, Korea** (AP)—U. S. Army port officials say that cargo pilfering in the important southwest Korea port of Pusan is of "serious proportions." Korean cargo handlers were notified by the Eighth Army recently that pilfering is a matter of "vital concern" to the Allied command.

The statement, signed by Col. Ralph B. Garretson, commander of the Seventh Transportation Unit, answered a protest by the Korean cargo checkers union into the fatal shooting February 21 of a Korean cargo handler by an American soldier.

## MURDER STORY WAS A "HOAX"

**WASHINGTON COURT HOUSE, O.** (AP)—An itinerant jewelry salesman has confessed his weird talk of a double murder was a hoax inspired by a television program and he asked police today to return him to a mental hospital.

Police Chief D. V. Long said he would see that Frederick W. Pope, 27, of Indianapolis got his wish. Long and Connecticut state police Det. R. N. Stark finally broke Pope's story after three days of questioning. After the confession last night Pope sobbed and said: "I sure messed this one up, didn't I?"

Pope wandered into the Washington Court House police station Monday night and told this story: He and a companion named "Jack" picked up 10-year-old Constance Smith, who was hitchhiking from a camp at Lakeville, Conn., to her home in Sundance, Wyo. In Arizona "Jack" choked the girl to death and then Pope turned on "Jack" and killed him.

Two weeks ago, Pope told police, he saw Peter Smith, the girl's rancher father, on the Art Linkletter show. He decided to make up the story after hearing Smith's appeal for help in locating his daughter.

**Couple Weds on Saturday:** Miss S. Pauline Little, daughter of Mr. and Mrs. Harry D. Little, and Ray J. Kitzmiller, son of County Treasurer and Mrs. Blaine Kitzmiller, were united in marriage at the Trinity Reformed Church, by the Rev. H. S. Fox Saturday afternoon at 4 o'clock in the presence of the families and a few friends.

Miss Little is employed in the office of the Gettysburg furniture company.

Mr. Kitzmiller has been serving as his father's deputy.

**George W. Kadel Married:** Miss Virginia N. Ross, daughter of Mr. and Mrs. Edward P. Ross, of Riddlesburg, and George Welty Kadel, son of Mr. and Mrs. J. H. Kadel, West Middle street, were married Saturday afternoon at 2:30 o'clock, at the home of Mr. and Mrs. Samuel Jenness, Skylesville, Maryland, by the Rev. O. G. Robinson, pastor of the Westminster Methodist Episcopal Church.

**Akron Crashes in Stormy Sea:** NEW YORK, April 4 (AP) — The U. S. Akron, largest airship in the world, crashed in flames at sea early today with 76 men.

Ten hours later only four of those men had been found and one of them was dead, making this apparently by far the greatest disaster in the whole history of lighter-than-air flight, a history which has been spotted by numerous major tragedies.

The Akron was caught in a violent electrical storm shortly after midnight, 35 miles out from the Sand Dunes of the Jersey coast in the region of Barnegat.

Among the missing was Admiral William A. Moffett, chief of the navy's bureau of aeronautics. Among the rescued were Lieutenant Commander H. V. Wiley, executive officer of the Akron.

Communication concerning rescue was hindered by continued static.

**Dr. Donley Opens His Office Here:** Dr. J. C. Donley has located in Gettysburg and opened offices with complete and modern equipment on the second floor of the John W. Brehm building, at 51 Chambersburg street.

Doctor Donley will devote all his time to a professional service for care of the eyes and fitting of glasses.

**Form Club:** A group of women met Tuesday afternoon with Mrs. Hannah Houtour, South Stratton street, for the purpose of organizing a needlecraft club. Membership in the club includes Mrs. Houtour, Mrs. John J. Hill, Mrs. E. P. Miller, Mrs. J. Price Oyler, Mrs. Annie Reaser, Mrs. C. C. Trostle, Mrs. W. H. Stout and Mrs. Elizabeth Snider. Refreshments were served.

**Gettysburg Is Quiet as New Beer Becomes Legal:** Gettysburgians observed the inauguration of the new 3.2 per cent beer Friday with quiet dignity.

There was not the least semblance of festivity in the town as the new beer became legal at midnight Thursday night and in the main "all was quiet" in this peaceful community.

Only three places were reported Friday noon as having the new brew available to those who indulge.

The Hotel Gettysburg was the first to have beer for sale. It is being served in the dining room with meals, in bottles only, and also in guest rooms to registered house guests.

A local restaurant and a hot dog stand are reported to have the beverage on sale Friday afternoon.

**Roosevelt Cuts His Own Salary:** WASHINGTON, April 10 (AP) — President Roosevelt is taking the regular 15 per cent cut in pay he decreed of other government workers, but he has made his own reduced salary effective as of March 4, rather than April 1.

**SNOWDROP**

The snowdrop is the first to show above the frost and drifted snow. The first to break the ground to tell that with the blossoms all will.

Though slowly upward it must creep. No sign of soil its petals keep. In gleams, a bit of beauty bright. Its tiny blossom spotless white.

This fragile herald of the spring. Without the blare of trumpeting. Proclaims to all who care to hear. The monarch flowers are drawing near.

Let storms return and harsh winds blow. Let it be buried deep in snow. The snowdrop will be first to say. The flower troops are on their way.

Today's Talk

By GEORGE MATTHEW ADAMS

**HELPING HAND**

I have a small painting of two boys climbing a cliff. One is leaning down to help the other one up, and the artist has called his painting "The Helping Hand." I have often thought of this title, for over the years there have been scores of people who have given me the helping hand that has brought me over many a difficult pathway.

Many a many a book has been a helping hand to me when I needed encouragement and enlightenment. These daily talks have had as their purpose to give a helping hand to such as needed it. And who doesn't need it at times?

One reason why such organizations as the Red Cross, Salvation Army, and others which administer to the needs of others, are so beloved, is that each gives a helping hand when most needed. Often just a little help is sufficient. We never know how much one helping hand has achieved.

Famous is that Bible story of the Good Samaritan, who took compassion on an unfortunate human being who had been robbed by the wayside. He gave a helping hand that shamed all others who didn't want to be bothered, or thought it was beneath their dignity to help a fellow being lying in the gutter.

We all need these helping hands at times, no matter what our station in life, and when we are able to render such a service, we in turn are lifted. It is characteristic of those in the free world to give help and hope to those bound in slavery, or who suddenly become unfortunate. The helping hand always rushes to catastrophes, such as floods, fires and war.

Rodin's famous sculpture "The Hand of God" gives anyone a great deal to think about. It is this invisible hand that reaches down to help all in dire need, and which gives hope, courage and comfort. I like that line I have quoted so many times: "He climbs highest who helps another up!"

Tomorrow Mr. Adams will talk on the subject: "Jack Miner."

9 Dead, 50 Hurt In London  
Rush Hour Subway Collision

LONDON (AP)—Transport officials today announced a toll of nine persons killed and 50 injured in last night's shattering crash of two jam-packed London subway trains.

It took rescue workers more than 15 hours to cut their way through the tangled wreckage to reach the last four bodies, including that of a mother still clutching her 2-year-old baby in death.

Transport officials said a signal failure may have figured in the disaster.

Two men were brought out at dawn after being pinned for nearly 10 hours in the debris-choked tunnel between the stations of Stratford and Leyton. Doctors had to amputate one man's leg in order to free him.

The search of six shattered coaches continued, but officials expressed belief that all the dead and living had been found.

**1,200 On Trains**  
Eight of the injured were reported in a serious condition.

Many persons not listed as casualties were given first aid on the spot for minor cuts and bruises. The crash occurred at 7 p.m. last night at the height of the homeward rush by London office workers, when one train pulled out of Stratford station and piled into the rear of another stopped on the line half a mile away.

Each train carried eight coaches and about 600 passengers.

**Wreckage Corks Tunnel**  
The rear coaches of the standing train and the leading coaches of the one which hit it were buckled into a mass of splintered wood and twisted steel. The tunnel, which provides only an 18-inch clearance above the tops of trains, was corked tight by wreckage.

Most of the dead and seriously injured were in the first and second coaches of the moving train and the last coach of the other. Rescuing firemen and policemen had to hack their way through the wreckage inch by inch. They were followed by dozens of doctors and nurses, who treated the injured by the light of flashlights and electric lanterns.

Stretcher bearers carried the injured half a mile through the tunnel to the Stratford station or a mile to Leyton to reach waiting ambulances.

**CENTRAL FRONT, Korea (AP)—**The craggy-faced first lieutenant slid into place at the mess hall table, crossed himself and bowed his head in a moment of silent prayer.

From the other men around the table there was a respectful silence for this officer who owns, but never wears, eight Purple Hearts and two Silver Stars for valor.

Later the soft-spoken first lieutenant, John Cloninger of Pecos, Texas, tried to put in words the deep convictions that had brought him back for his third tour of duty here.

**Couldn't Justify Conscience**  
"I couldn't justify to my own conscience staying in the United States when I believe so deeply in what we are fighting for here. I felt I had to come back. I am staying this time until the war is over."

A 25th Division spokesman explained later that the only reason Cloninger went back to the United States in June, 1951, was to recuperate from an enemy mortar blast that tore apart the muscles of both legs and left him on crutches and canes for months. Cloninger, himself, had failed to mention that.

"I don't believe in rotation, at least not for myself," Cloninger said seriously.

"We must fight to end this war, not prolong it. I don't believe we can end it by drafting men like crazy on one end and releasing them at the other end. More men should come. Those here should stay until we win a peace."

**In Army 12 Years**  
Cloninger began his Army career 12 years ago as an enlisted man in the regiment to which he is still attached.

"It's been a good 12 years," he said. "During them I achieved the dream that began the day I signed up — to become commanding officer of the machine gun and mortar company to which I was first assigned."

He was wounded five times during World War II, three times in the Korean war. Six of the eight sent him to hospitals. He was able to stay with his company the other two times.

It was in a hospital at Spokane, Wash., that he first met his wife.

Mildred. They were married in February, 1944, and she now lives with his parents at 1105 West Third St., Pecos. "I thank God every day of my life," Cloninger said, "that she knows and understands how I feel about the Army and the necessity for fighting for what I believe."

"Without that love and understanding and without my belief in God, it would be hard to go on."

Deeply religious, Cloninger does not make an ostentatious display of religion. He prefers, instead, to help the men fighting under him. He is proud that he was largely responsible in the conversion of several persons, four of them soldiers, but it is a quiet inner pride and he talks of religious guidance only when questioned.

"I try my best to set a good example for the men," he said. "I want to keep them conscious of their conduct, of the need for goodness."

He pointed to the small oil stove doing its best to erase the Korean cold.

"Goodness is like that stove. It radiates outward and warms those near it."

**Helps War Orphans**  
Many a Japanese and Korean war orphan has felt the radiating warmth of Cloninger's own goodness.

He was the motivating force behind one of the most successful company fund drives revealed to date. His company, 135 men strong at the time, contributed to a total of \$1,756 to one orphanage home.

Cloninger did not say what he personally had put into that fund and a division spokesman kept the Texan's confidence.

"But," the spokesman added, "I will tell you one thing. Cloninger certainly set that good example."

## Chicago Cubs May Win Loop Title In Grapefruit Circuit For 4th Time This Season

By BEN PHLEGAR  
AP Sports Writer

Three years running the Chicago Cubs have won the National League's section of the Grapefruit Circuit. Now they're in a position to do it again.

When the Cubs scored their third straight one-run victory over the St. Louis Browns yesterday they boosted their over-all spring record to 18-13. Only Brooklyn with 18-11 and Pittsburgh with 10-6 top the Cubs. And the Pittsburgh mark has been built almost exclusively against minor league clubs.

Dee Fondy and Preston Ward, a pair of long-ball hitting first basemen who once belonged to Brooklyn, have sparked the Cubs' gradual improvement this spring. Ward, particularly, has been impressive since coming out of the Army.

### Injuries Hit Giants

He banged a pair of homers against the Browns in Topeka, Kan., yesterday to run his total to seven in the last 10 games. Fondy, too, is on a homer spree and his circuit blow yesterday was his fourth in three games. The Cubs beat the Browns, 7-6, with the deciding runs coming on still another homer by Bob Addis.

The injury jinx which has struck the major league clubs heavily in the closing weeks of the training season hit the New York Giants again yesterday and benched their No. 1 rookie, Earl Spencer, for at least two weeks.

Spencer was hit in the face with a fast ball thrown by Cleveland pitcher Mike Garcia at Nashville and suffered a minor fracture to his left cheek bone. He had been scheduled to open the season at third base.

### Indian Rolling Falls

Earlier in the spring Garcia hit Bobby Thomson of the Giants on his right hand with a pitched ball, resulting in a minor fracture.

The Giants whipped the Indians, 11-10, despite a four-run Cleveland rally in the ninth.

Gerry Staley, who will open the season for the St. Louis Cardinals, went all the way against the Little Rock Travelers yesterday and shut out the Southern Association club on seven hits, 10-0.

### Brooklyn Blanked

Playing before his homefolks at Richmond, Va., Granny Hamner of the Philadelphia Phils supplied all the runs as the Phils edged the Boston Red Sox, 2-1. Hamner homered over the center field wall in the second and over the right field wall in the fifth.

Brooklyn was blanked for the second time this spring as Bob Porterfield of the Washington Senators gave up only four hits in a night game at Griffith Stadium at Washington. The Senators pounded four Dodger hurlers for 11 hits to win, 7-0.

The White Sox won their sixth in a row at the expense of the Atlanta Crackers of the Southern Association, 14-0.

## Veteran British Gymnast Succumbs

EASTON, Pa. (P)—Kenneth Tyrrell Powell, 71, a member of the British gymnastic team in the 1908 Olympic Games in London, died yesterday in St. Luke's Hospital, Fountain Hill.

A resident of Raubsville, he was a building contractor. His father the late Henry Powell, was senior barrister at Middle Temple Court, London.

Powell came to this country after the 1908 Olympic Games but returned to England when World War I began. He served in France with the British Army Medical Corps.

He is survived by his widow, a son, a daughter, and a brother.

## CLANCY HOPING FOR LUCKY NIGHT

PITTSBURGH (P)—King Clancy, worried coach of the Pittsburgh Hornets, hopes for a bit of luck tonight when his team plays the Cleveland Barons in the third game of the American Hockey League's Calder Cup series.

The Barons, fresh from two consecutive wins on their home ice, need two more victories in the best of seven playoffs to make a clean sweep of league honors. Cleveland won the regular league championship and is out to cop the Calder Cup lost to the Hornets last season.

Commenting on his team's 2-0 and 3-2 setbacks at Cleveland, Clancy said: "We didn't play our best hockey when we lost that first game and we just didn't have any luck when we got beat 3-2."

Clancy said he plans to bench Bill Ezinicki because of a leg injury. The fourth game of the series will be played here Saturday night. The fifth game, if needed, is scheduled for Cleveland Sunday.

## Penn State Boxers In Idaho Tourney

POCATELLO, Idaho (P)—Two Penn State boxers are among the 46 first round entrants in 23 bouts today in the National Collegiate Athletic Association tournament and a third drew a bye to await tomorrow's semi-finals.

Anthony Fiore meets Tim Brennan of Idaho State, the host team, in the 130 pound class and Adam Kois is matched with Fred Bowen, Idaho, in the heavier 175 pound competition. A third Pennsylvanian, Sam Marino, 119, won the first round bye.

Awaiting the tournament winner is the John J. Walsh Trophy, awarded by the Downtown Boxing Seconds of Madison, Wis. Defending champion Wisconsin currently holds the trophy. The Badgers have won the crown six times.

## Ernie Lombardi Is Critical; Throat Cut

OAKLAND, CALIF. (P)—Ernie Lombardi, 45, two-time former National League batting champion in 1938 its most valuable player, was found last night with his throat slashed from ear to ear.

His wife Berice and Deputy Sheriff Floyd Harrison and Edward Brosman said Lombardi resisted their first attempt to rush him to a hospital, yelling "Let me die!"

Highland Hospital authorities said they did not expect the husky ex-major league catcher to live. Mrs. Lombardi said her husband had been despondent the past week and had threatened to take his life.

The Hanover and Spring Grove High School baseball teams battled to a 5-5 deadlock Wednesday, the game being halted after eight innings due to darkness.

## FORD FRICK PREDICTS 3RD MAJOR LEAGUE

NEW YORK (P)—Commissioner Ford Frick today predicted formation of a third major league within 10 years but warned that baseball must "decide something" about television pretty soon.

"Very definitely there will be another major league—maybe two—in 10 years," he said in an interview at his Radio City offices. "We must have more towns represented in the major leagues. We can't stand still. The facts speak for themselves. The movement of population is westward."

Frick tempered his enthusiasm for the future with his warning about the TV problem, particularly network television into minor league territory.

### Need Decision On TV

"I think the time has come for us to make up our minds about television," he said. "Maybe we have been handicapping ourselves too long."

"If making up our minds means making an agreement, maybe we'd better do it by agreement and find out where we stand."

The majors hurriedly dropped all agreements on league control of radio and TV a couple of years ago when advised such rules might be in violation of federal anti-trust laws. Pro football, which controls TV rights on a league basis, now is involved in a federal suit.

### Hurts The Minors

Frick directed his warning against any network telecasts of big league games into minor league clubs.

"I don't think television hurts the individual major league club," Frick said. "If it does, that is a matter for the club to decide. But there is no question in my mind that network television that would take major league games into minor league territory would be bad. It would be extremely harmful to the minors. Without the minors the majors couldn't operate."

Frick said he had no information that any regular network telecasts of big league ball games into minor league clubs were planned. There was some talk of such a "game of the week" network during the winter.

The Texas Lunch basketball team rules as the regular season champion of the Community League.

That was established Wednesday evening when New Oxford pulled a surprise by defeating the Hanover Army 59-55 in the playoff of a postponed game at New Oxford. The winners built up a 47-30 lead at the end of three periods and then fought off a big late-period rally by the Hanover outfit. Mummert paced the winners with 22 points while Hart secured 17 for the losers.

## MAY REORGANIZE LEAGUE

An effort to reorganize the Mason-Dixon Junior Baseball League will be made at a meeting this evening at 7:30 o'clock at the American Legion Home, Hanover. All participants last year have been invited to send representatives. The Gettysburg Eagles sponsored an entry last season.

Jim Greengrass, rookie outfielder for the Cincinnati Reds, made an auspicious National League debut last September by blasting a grand slam homer to beat the Dodgers.

## Softball Loop To Operate With Seven Teams; Opening Is Scheduled For May 20

Membership in the Gettysburg Softball League was cut to seven teams as the result of dropping three teams at a meeting of league officials Wednesday evening at the Moose Home, York St.

East Berlin, Penn.-Ceramic and Swope's Atlantic, who were admitted on a trial basis last year, were dropped as a means of reducing the number of games to be required leaving the Texas Lunch, Glenn L. Bream, Elks, Eagles, VFW, Lentz Legion and Moose as participants. It is also felt by league officials that better games will be offered fans with the smaller number of teams taking part.

It was decided the season will open Wednesday, May 20, with games being scheduled for Monday, Wednesday and Friday evenings throughout the season. Two rounds will be played with the four top teams taking part in the Shaughnessy playoffs. Each playoff series will be a best-of-five affair.

Robert Kenworthy was re-elected as the official league scorer. William Knox, Bernie Cole and Lester Carter were selected as umpires. Additional umpires may be added later.

### Revise Curfew Ruling

A revision was made in a recent adoption of a curfew ruling on games. It was decided that no curfew will be placed on the opening game each evening but play will be halted at 10:30 o'clock although the second contest may have not been concluded. No inning will be permitted to start later than 10:25.

Don Bream and Ralph Johnson were appointed by President Johnny Grindler to formulate a schedule. The next meeting will be held Monday evening, April 27, at the Moose Home when the schedule will be adopted, forfeits posted and rosters approved.

All teams were represented at the meeting with the exception of the Lentz Legion and Eagles.

## YORK SPRINGS 9 TOPS FAIRFIELD

York Springs High School copped its first baseball victory of the season by defeating Fairfield 9-3 in an exhibition game played Wednesday afternoon at York Springs. The game was transferred to York Springs due to wet grounds at Fairfield.

Ronald Weigle, a left-hander, allowed Fairfield but three hits, all singles. York Springs secured but five hits off the combined offerings of Carson and George but took advantage of six Fairfield miscues.

York Springs is listed for a game at Biglerville today while Fairfield is slated to meet Williamsport, Md., at Fairfield.

## Sportsmen Okay Stock Issue Plan

Members of the Gettysburg Sportsmen's Association at a special meeting Wednesday evening at the clubhouse on Wainwright Ave. approved a resolution to change the organization from a non-stock to a share corporation. The resolution would amend the articles of incorporation to provide for the issuance of 30 shares of stock, each with a par value of \$50. The purpose of the move is to remove the present indebtedness of the association. Attorney Eugene Hartman, who attended the meeting, will take the matter into court for approval of the changes in the articles of incorporation.

An association spokesman said the present plan is to issue 20 shares of stock soon and hold the 10 other authorized shares until a later date. Even though the stock-basis plan has been adopted a social type membership will be open in the association for the general public. President James G. Sneeringer said.

Grated carrot molded in lime gelatin makes a pretty salad for a company lunch.

## DAVE GALLARDO STUNS BASSETT WITH VICTORY

WASHINGTON (P)—Dave Gallardo said today he hopes his stunning victory over Percy Bassett will get him the money to give his wife and children "the things they deserve."

The 23-year-old Mexican from Los Angeles slashed his way to a unanimous decision over Bassett, interim featherweight boxing champion, in ten fast rounds, nationally televised, last night.

Gallardo was a three to one underdog.

The two little men went after each other right from the opening bell. They stood toe-to-toe and swapped punches in a smashing exchange of infighting that featured much defensive work.

In the infighting, Gallardo slammed lefts to Bassett's stomach and followed with short rights to the head. Cagily he would back Bassett into a corner so he could find the range.

Bassett, a Philadelphia Negro who recently won the interim title by defeating Ray Farnoch of France, weighed 129½ to Gallardo's 129¼.

## CIVIL WAR HATS ARE NEEDED FOR "CANOE RACE"

LOCK HAVEN, Pa. (P)—A shortage of Civil War hats today put a snag in plans for the fourth annual running of the 26-mile Bucktail Canoe Race down the Susquehanna River, slated for Memorial Day May 30.

"It won't stop the running of the race," said Peter L. Stevenson, race chairman, "but we'd like to have the hats as a symbol of the Bucktail Rangers."

Stevenson explained that the grueling competition between two-man canoe teams follows the route from Renovo to Lock Haven used by the Rangers, a famous Civil War regiment, when they went to join the Northern Army.

"We poked Memorial Day to insure fast, deep flowing waters," Stevenson said. "Spring rains keep the river high."

Last year 32 crews competed. Stevenson said, but more were expected to file applications before the May 30 deadline.

"A member of the race committee is working on getting Civil War hats," the race chairman added.

Stevenson said that in last year's race the committee got hats, but not in the Civil War style it wanted. "Those hats got in the way of the paddlers," Stevenson said, "and a lot of the entries threw them in the river."

"We already have shirts for the entries this year—they'll have a hard time throwing them in the river."

## Gettysburg High Nine Meets Undefeated Bubblers Friday In Opener At Boiling Springs

Coach Howard Shoemaker will send his Gettysburg High School baseball team into action for the first time Friday afternoon when undefeated Boiling Springs will be met on the Bubblers' diamond.

Five lettermen are listed to be in the starting lineup for the Warriors. Marlin "Skip" Fisel, veteran hurler, and George Penn, who performed at various positions last season, will form the battery.

George Bender, shortstop; Bob Hixon, third baseman, and Bobby Rohrbaugh, center fielder, complete the roster of lettermen who are slated for opening day assignments.

Donnie Dentler is listed to start at first base; Danny Roth at second base; Jay Hartzell in left field and Jay Sixeas in right field.

Edward Kane, a sophomore, has been showing up well as a receiver and when he is in the lineup Penn may be shifted to an infield post. Another likely prospect is Lee Hartman, a third baseman, who at present is an understudy to Hoxon.

### Southpaw On Staff

A pair of juniors, Elton Martin and Delmar Richardson, and two sophomores, Glenn Hartzell and Jack Cole, complete the pitching staff. Richardson is a southpaw. All have shown promise although Martin has been hampered by a stiff shoulder.

Cloyd Spence and Joe Bushey are scrapping for outfield positions and are expected to break into the lineup. Friday's game will serve mostly as an experiment for a number of players and it is likely there will be some shifting in positions.

In meeting Bud Ecker's Bubblers the Warriors are taking on an outfit that has already played nine games, copping eight while one ended in a deadlock. The Bubblers came up with four runs in the last half of the final inning to edge Carlisle 5-4 Wednesday afternoon for their eighth straight victory.

POTTSVILLE, Pa. (P)—Felix Kadel, head football coach at Pottsville High School for four years, resigned last night. He gave ill health as the reason. He said, however, that he would remain on the faculty as a teacher.

Under his leadership, Pottsville football teams won 32 games, lost 10 and tied four. They won the Keystone Conference championship three times and the Southern Division title in the Eastern Conference in 1951.

A native of Mount Carmel, Kadel came here from Kulpmont.

## CATCHES BOYS

(Continued from Page 1)  
a robbery.

Early Wednesday evening he was called to Sonny's Lunch in Littlestown where he found Mr. Yingling with the two culprits in his custody.

**Finds \$12 Missing**  
Yingling told the police that on Monday he had missed \$12 in dimes from his home. On Tuesday, more dimes were missing and on Wednesday he returned from work early to hide and await a return of the "burglars." He "captured" the boys and took them to the lunchroom where he called the police chief.

Chief Swab said the boys had 75 cents when they were captured. Yingling said he saves dimes and had hidden his collection in a cigar box in a cupboard in his home. He is a bachelor and the house was unoccupied while he worked at a Littlestown factory. He hid under the porch at his home Wednesday and "trapped" the boys when they entered the unlocked house.

The chief of police said the youths were identified at Welker's bakery as the two that had exchanged the dimes for paper money on Tuesday.

"One for all and all for one"

This famous motto of the Three Musketeers brought them safely through many adventures. Usually they were able to survive great peril only by dramatic teamwork. Of course, their adventures were purely fictional, but teamwork can give real-life drama a happy ending too. Lives can be saved by considerate party-line users who give up their lines to others in an emergency.

Do it the easy way

Remember the story of the fellow who loaded his mule with a sack of potatoes on one side and balanced it with a sack of stones on the other. He made many trips this way until someone suggested that it might be more efficient to balance the first sack with another sack of potatoes.

There's a more efficient way to make Long Distance calls too. When you give the operator the telephone number, instead of just the name and address of the person you want, your calls go through faster.

May is a good month to —

Make every day Mother's Day... Put up grass silage... Lay pipes to the poultry range to save all that work of carrying water... Prepare a deep, loose seedbed for corn... Order nitrogen fertilizer, so you'll be prepared to side-dress corn at the last cultivation... Cultivate tree rows in young plantings... Plant annual flowers... Defrost the farm freezer when stocks are low... Clean the fertilizer attachment on the corn planter before putting it away... Vaccinate young stock against blackleg... Prepare for hot weather by insulating chicken houses, and adding new ventilation... Fertilize straight grass pastures to stimulate production and increase protein content.

## DISPUTE PLAN TO ELIMINATE MILK BOARD

HARRISBURG (AP)—Farmer and milk dealer representatives today disputed before a Senate committee that abolition of the State Milk Control Commission would bring a saving of \$75,000.

Both E. Lowry Humes, Meadville, representing farm organizations, and Willis F. Daniels, representing milk dealers, denied anything would be saved by dropping the commission.

They appeared before the Senate Rules Committee, which is considering a recommendation by the Chesterman State Government Study Committee to transfer functions of the Milk Control Commission to the State Department of Agriculture.

### Claims No Saving

"A careful check of the situa-

tion," Humes told the committee, "clearly establishes that the recommendation of the (Chesterman) committee involves no merger of activities from which a savings can be made, and every operating cost of the Milk Control Commission as presently constituted, will be continued if the commission were transferred to the Department of Agriculture."

Daniels, counsel for the Pennsylvania Association of Milk Dealers, said in his statement to the Senate committee:

"An analysis of the Chesterman report fails to disclose how \$75,000 would be saved. The bill now before you for consideration fails to indicate any saving whatsoever."

John J. Snyder, a former member of the Milk Control Commission, suggested that the Agriculture Department's Bureau of Milk Sanitation could perform its duties better if transferred to the Milk Commission.

Snyder said it would be "unfair" for the secretary of agriculture to assume responsibility for decisions now made by the commission. Snyder said the secretary would be under "continuous pressure" for milk price increases.

HARRISBURG (AP)—The Public Utility Commission has ordered installation of automatic flashing lights at the Pennsylvania Railroad grade crossing on So. Fayette St. in Shippensburg Township, Cumberland County.

Commission action sustained the complaint of the Shippensburg area joint school system directors who charged that the present fixed warning sign and automatic alarm

bell protection is inadequate. The PUC also directed that the crossing and a nearby bridge over Middle Spring Creek be widened. Work was ordered completed by May 1, 1954.

Soup and salad make a delicious and nutritious luncheon combination. Team cream of spinach soup with egg sandwiches; cream of tomato tastes delicious with tuna sandwiches.

Here is a quick recipe for cream of vegetable soup: To two cups of thin white sauce, add one-half cup pureed or finely chopped cooked vegetables. Season with a little finely grated onion if desired.

## THINGS OF THE SOIL

By DAN F. VAN GORDER  
The Gettysburg Times Agriculture Editor

Questions of our readers on lawns, flowers, vegetable growing, poultry, fruit, livestock and general agriculture will be answered by return personal letter without charges if a 3-cent stamp is enclosed.

THE GETTYSBURG TIMES AGRICULTURE EDITOR  
Box 1528, Washington 13, D. C.

### AN UNFAILING REVENUE CROP

Farmers and vegetable gardeners may increase financial returns from their 1953 labors and investment by growing cucumbers for pickling. Of course, many persons will argue that "It would be impossible to sell them." Fortunately before planting time arrives it is an easy matter to determine whether the editor is correct in this advice. Here is the test:

Visit ten village, town or city housewives within the next week or two and ask them this simple question: "Would you, if you had the opportunity next summer, buy a peck or half bushel of pickling cucumbers grown to the size you desire?"

### Doctors Report New Relief for Chronic, Humoral Constipation

MAY REPLACE ALL PRESENT LAXATIVE METHODS

Science has won its long fight to bring safe, sane relief to millions. Amazing new formula is completely non-irritating, non-habit forming. In tablet form, sensational compound acts in the intestines. Lubricates and protects sensitive tissues. Softens all hard, stubborn substance. Gently moves it on to pleasant, healthy elimination. Entirely free from harsh, purging action. Proved best, even with bedridden cases. Remarkable formula, called INERGEN, now available at

orders to be filled according to sizes specified by buyers. In almost all cases prospective customers will explain that "last year I couldn't find a pickling cucumber at the store." This is the key to the opportunity. Too, pickling cucumbers may be sold at roadside stands. We know one grower who advertises his roadside stand crop over the local radio station and sells all the cucumbers he can grow.

Several important cultural facts should be considered in plans to grow cucumbers for pickling, particularly the scope of planting in the light of potential sales. However, because cucumber vines will continue to bear several weeks when the small fruits are kept picked off closely, it is possible to obtain a tremendous yield.

An extra early planting should be started at this time by planting three or four seeds in quart-size fruit baskets in a warm coldframe or mild hotbed. Later plants should be thinned to three to each basket and these should be transplanted to hills after frost dangers are passed. Of course, the shift should be made without disturbing the roots. Plants grown by this general method for row culture should be started one to a pot or band.

Planting seeds directly where the crop is to grow should be done after the soil is warm and frost dangers are over in May. Cucumber plants are exceptionally tender to frosts or wet, cold weather.

There can be no compromise with hard, shallow or poor soils for this crop. One of the best ways to prepare soil for hill cucumbers

is to place a liberal layer of well rotted manure beneath the hill. Pulverized, weathered cow manure gathered from a summer pasture field is excellent in this role or well decomposed barnyard manure may be used. In the absence of suitable supplies of livestock manure, well rotted compost may be employed.

This under-feeding principle is similar in row culture of cucumbers, with the manure for compost placed beneath the row in a strip 2 to 3 feet wide.

The striped cucumber beetle is responsible for transmitting wilt to cucumber plants. Its complete control is imperative. A dust composed of one pound of calcium arsenate in 15 pounds of fine gypsum is recommended. This and other insect and disease control measures are fully explained in our cucumber growing guide which readers may obtain by sending a stamped, addressed envelope to the editor with their request.

All questions or related problems left from previous years should be cleared up before the growing season.

### SUMMER BULBOUS FLOWERS

Failure to distinguish between bulbous flowers that bloom in the spring from fall-planted bulbs and the large group that flowers in summer from spring planting results in the loss of much beauty from the home grounds. In fact, among summer ornamentals grown from spring-planted bulbs, corns, tubers and tuberous roots are several of the finest flowering plants. Here are a few of the outstanding members of this select group:

Montbretias: Many experienced growers say this is the most desirable of all summer bulbous flowers. It is easy to grow and exceptionally hardy, bringing a wealth of color in its varied blooms. Plant bulbs in late April or early May, spacing them 6 inches apart in rows or solid beds and cover them no more than 3 inches deep.

Caladium: This fancy-leaved plant is better known as Elephant Ear. It may be grown in a large tub or in a cool, well drained location in full sun or light shade where the soil is moist. Bulbs should be planted after all danger of frosts is past. Barely cover the bulb tip. Smaller sorts with variegated foliage are excellent in porch boxes or in small formal beds.

Tuberose: Many persons make inquiries about this beautiful and fragrant flower. Beginners often think of it as a rose and actually refer to it as tube-rose. But this

### Asks Extension Of Trade Act

WASHINGTON (AP) — The Eisenhower administration wants a year of reciprocal trade bargaining under the present rules while it works out its own foreign commerce and tariff policies.

The President said so on Tuesday in a special message to Congress, asking that the Reciprocal Trade Act, a legacy from the Roosevelt and Truman administrations, be extended a year beyond its expiration date, June 12.

Pending is a bill by Rep. Richard Simpson (R-Pa.), an influential member of the House Ways and Means Committee, which would extend the act, but with amendments curtailing the President's freedom to cut tariffs in making trade agreements with foreign countries.

is in error. It is not related to the rose and its common name is tuberose. Plant bulbs in late May after the soil is thoroughly warm or start them three or four weeks earlier in individual pots under glass and move the plants to their growing place in late May. Barely cover the bulb tip when planting. Buy new bulbs every spring because the old bulbs are exhausted after one season of growth.

Dahlias: Tubers should be planted about the last week in May or the first days of June. Interested readers may obtain planting instructions by sending the editor a stamped, addressed envelope. Soil should be prepared well in advance of planting time.

Peruvian Daffodil: The botanical name of this plant is Ismene calathina. It is one of the finest members of the summer bulb group. Plant bulbs in late May or early June in a deeply fertile loam. If bulbs are taken up in the fall and rested for a few weeks, they may be potted for indoor flowering over winter.

Crinum: This flower merits wider culture because of its rare beauty. Plant bulbs in late May after the soil is warm or start them earlier in individual pots under glass and later shift them to their growing site without disturbing the roots. This plant may be used effectively in porch and window boxes, with bulbs planted from late April until early July.

Cape Hyacinth: Beginners will find this flower listed as Hyacinthus candicans. It should be handled in much the same manner as gladioli, except the first planting should be made in late April in a well drained, deeply mellow loam in all-day sun.

Cannas: For some unexplained reason most beginners think of this

tuberous rooted annual only in round, formal beds. But it is also useful in tall borders and other planting schemes. There are several beautiful colors and types. Plant roots after the soil is warm.

Readers are invited to write the editor to ask all the questions desired about these and other ornamentals of the bulbous and tuberous-rooted group.

## State Dept. Announces Kennan To Be Retired Soon On Pension

WASHINGTON (AP)—The State Department will soon lose the services of George F. Kennan, former ambassador to Moscow and one of the department's two top Russian experts.

His retirement has, in effect, been forced by policy differences between him and Secretary of State Dulles.

Kennan, long-time policy planning chief and author of the controversial Russian containment policy, will go on a pension "in the near future," the department announced last night.

The containment policy with which Kennan was identified—the idea of holding back Russian expansion by strengthening the free nations—was criticized by Dulles during the election campaigns last year as completely inadequate.

Kennan and his long-time associate, Charles E. Bohlen, now on his way to Moscow as ambassador, are generally regarded as the government's two most experienced men in the field of Soviet affairs. They are experts in the Russian language and they have spent years studying Russian history, Communist theory and practice and Soviet behavior.

Kennan said last night he expects to pick up again the scholarly research work in which he was engaged at the Institute for Advanced Study at Princeton, N. J., before he became ambassador to Moscow a year ago. He was then on leave from the department.

Russia asked Kennan's withdrawal as ambassador after he was quoted as voicing criticism, in Germany, at the way foreigners are treated in Moscow.

The State Department statement said he "hopes to be able to make arrangements which will permit him to function following his retirement as a regular consultant to the government."

Kennan is 49 years old. He has been in the foreign service almost 27 years.

## James L. Martin Rites On Wednesday

James L. Martin, 77, of near Aspers, who died early Monday morning of a complication of diseases, was buried at 1:30 o'clock Wednesday afternoon. Services were conducted at the Centenary EUB Church with the Rev. Laverne Rohrbaugh, his pastor, and Rev. Harry S. Barnes, of Chambersburg, officiating. Burial was in the Heidlersburg Cemetery.

The pallbearers were: Harry Heller, Hoke Slaybaugh, Theodore Weaver, Elmer Bricker, John Hartlaub and Daniel Delap.

## Yank Newspapermen Return From Moscow

BERLIN (AP)—A party of American newspaper and radio executives arrived here from Moscow today after seven days of sight-seeing in the Soviet capital and a two-day train journey through Western Russia and Poland.

The tired but happy group was met by a crowd of foreign and German reporters when their train, the Soviet Blue Express, pulled into the former Silesian Station in East Berlin.

James L. Wick, publisher and organizer of the tour, said they would hold a news conference later today.

## SLESSER RITES HELD

Funeral services for Albert H. Slesser, 67, of Gettysburg R. 5, who died Sunday morning at the Warner Hospital, were held Wednesday afternoon at 2 o'clock at the Bender Funeral Home, with the Rev. Robert Knecht officiating. Interment was in Evergreen Cemetery. The pallbearers were Ralph Simpson, John Robert, Marvin Dove and Kenneth Selby.

American League umpire Bill McGowan is starting his 28th year as an arbiter in the junior circuit.

## Wants State To Cancel \$200 Pay Increases For Teachers

HARRISBURG (AP)—A Clearfield County Republican has asked the legislature to cancel the \$200 annual teacher pay increases provided by a 1951 law.

The measure, sponsored by Rep. John E. DuBois (R), proposes elimination of further annual salary increases for teachers after the 1955-56 school year. The law now provides that they are to continue through the 1959-60 school year.

DuBois' bill also would freeze the maximum school subsidy at the \$4,500 rate now set up for the 1954-55 school year. Present law provides that the rate per teaching unit shall increase to \$5,500 after 1959.

In addition to receiving a number of new legislative proposals yesterday, the House passed and sent to the Senate measures that would:

**Wants Spending Report**  
Require the Highways Department to give the legislature a detailed report of how it proposes to spend 340 million dollars provided in the budget for the next two years. The vote on the bill was 205-1.

Approve a proposed constitutional change to permit absentee voting. The bill would have to be approved by a later Legislature and a statewide referendum before becoming law.

Appropriate \$11,770,943 for commonwealth expenditures that exceeded the amount set aside by the 1951 Legislature. More than half of the total goes to the School Employees Retirement Fund, and an additional three million dollars to the school health program.

New bills received by the House included:  
Issue auto license plates once every three years, with small in-

cludes for the plates in the other two years—John J. Murray and George E. Jenkins, Allegheny County Democrats.

Restrict motor boat speeds to eight miles per hour when within 250 feet of a rowboat, canoe or the shore; restrict operation of motorboats by persons under 16 years of age—Robert F. Kent (R—Crawford) and John Haudenschild (R—Allegheny).

Require the Highways Department to maintain all bridges and viaducts on state highways in third class cities—Reps. Julian Polaski (D—Erie) and Harry E. Seyler (D—York).

Permit cities to regulate and control housing rents—Reps. Jerome Poltenstein (D—Philadelphia), Francis W. Buechin (D—Northampton), Samuel Floyd (D—Philadelphia) and Marvin Bazin (D—Philadelphia).

Give teachers who supervise student instructors an additional \$50 pay for each student instructor—Reps. Robert R. Clapper (R—Bedford) and William G. Buchanan (R—Indiana).

Prohibit paid police and firemen in boroughs to work more than 80 hours in a two-week period—Reps. James E. Lovett (D—Westmoreland) and William B. Smith (D—Beaver).

## TO VISIT WILSON

Five students from the Gettysburg High School will be guests Saturday at Wilson College, Chambersburg, for their annual College Day. They are Sue Lighter, Alice and Anna McDannell, Phyllis Raf-fensperger and Sara Scott. The day-long program will include a panel discussion about the college, demonstration classes, a student-produced skit and a party.

## Tidelands Oil Bill Likely To Cause Many Legal Snarls

By JAMES MARLOW

WASHINGTON (AP)—Those in favor of giving the states the submerged lands off their shores say: "Give it to them out to their historic boundaries." But those who want the government to keep those lands ask: "Out to what historic boundaries? What are they and where are they?"

It would be a smart man who could convince everyone he had the answer. Because the legislation, which Congress is now preparing to pass, is so vague on that question the Supreme Court may have to solve the problem, perhaps years from now, thus piling legal snarls on all those that have gone before.

### Is Worth Billions

Yet the answer is worth billions of dollars because the submerged lands off California, Texas and Louisiana are rich with oil. President Eisenhower's attorney general, Herbert Brownell, asked Congress before it approved the measure it is now considering, to draw a line, showing what the boundaries are. That might be the solution to the endless question about boundaries, he said, and if Congress didn't do it, there might be a long fight ending up in the Supreme Court. But Congress ignored him on this. Now Congress is getting ready to pass a bill which, in effect, says this:

All states will own the submerged lands seaward from their shores for three miles and any lands beyond that if they can prove they have a just claim to them. What would be a just claim?

What this may mean in future revenue, for the states or the federal government, can be seen from this: The estimated oil potential off California is two billion barrels, with more than half of it within the three miles. California has far less to gain than Louisiana and Texas by fighting to claim lands beyond three miles.

### Texas Claims 10 Miles

The potential oil reserve off Louisiana has been estimated at four billion barrels, with only 250 million inside the three-mile limit and 3 1/2 billion barrels beyond that point. But the estimated potential for Texas is nine billion barrels, with 400 million within the three-mile limit, 800 million more be-

tween 3 and 10 1/2 miles, and 7,800,000,000 beyond 10 1/2 miles. While it was still a republic, before entering the union in 1845, Texas claimed a seaward boundary of 10 1/2 miles. But in 1947 the State Legislature claimed ownership of all the submerged lands off Texas out to the edge of the continental shelf, a distance of perhaps 135 miles.

Louisiana's Legislature in 1938 decided the State's seaward boundary was 27 1/2 miles. But was that 27 1/2 miles from the shoreline of the land mass of Louisiana or 27 1/2 miles from the state's outermost island in the Gulf of Mexico, 10 1/2 miles from shore?

## BULLETINS

WASHINGTON (AP)—Former Secretary of Defense Robert A. Lovett said Wednesday there was a "definitely unsatisfactory" performance on ammunition production for the Korean War and he "took it out of the Army's control."

"My patience was completely exhausted," he declared.

UNITED NATIONS, N. Y. (AP)—Andre Y. Vishinsky Wednesday called on the Western powers to "meet the Soviet Union half way" by accepting two Russian modifications in a majority-backed plan for discussing disarmament.

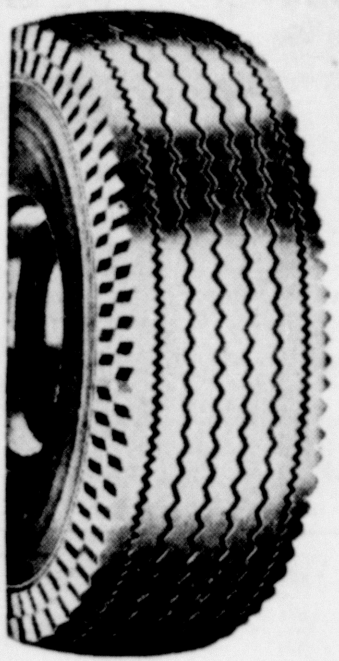

The U. S. and Britain agreed to support one change and drop recommendation of the U. N.'s Disarmament Commission. They rejected the other proposed amendment on the grounds its adoption would give the impression they were abandoning fundamental positions on atomic control and arms reduction.

## SAY ADENAUER ASKS HELP WITH REFUGEE FLOOD

WASHINGTON (AP)—West German Chancellor Konrad Adenauer is reported to be seeking special American financial help in handling floods of refugees from Communist-ruled East Germany.

This problem, with other tough economic and trade issues, was up for discussion with Secretary of State Dulles, Foreign Aid Director Stassen and other top American officials.

Adenauer was reported hopeful of U. S. financial backing for building big housing projects in West Germany, mainly to help absorb refugees.

About 1,500 men, women and children daily are slipping through the Communist Iron Curtain into Western Berlin.

The conversations that opened on the Chancellor's arrival Tuesday were reported to be moving smoothly.

Officials said Dulles and Adenauer talked over Russia's current line of apparent conciliation and agreed it reflected no basic change in the Soviet dream of world domination.

The German Chancellor was

quoted as saying the West could test Russia's intentions by renewing proposals for free elections throughout Germany. He also reportedly asked for support in pressing for the return of some 300,000 World War II West German prisoners believed still held by the Soviet Union.

### Long Pull Vs. Crisis

Apart from the discussions with Adenauer, the U. S. was reported to have worked out a new approach to the problem of Western European defense, based on a long pull for 20 to 30 years, rather than preparing for a "crisis year."

Planning originally was aimed largely at readiness to meet a Soviet threat at a time when it was considered most likely. A recent target date was 1954.

However, diplomatic officials said thinking had shifted in favor of a program, now accepted by the administration, which could be fitted into the U. S. economy on a long-time basis. It was argued such

a military plan would be less subject to letdowns when "crisis years" passed.

### May Extend Time To Ask For Bonus

HARRISBURG (AP)—Pennsylvania veterans will have until next Dec. 31 to apply for their World War II state bonus under terms of a measure now before Gov. John S. Fine.

The bill, passed earlier by the House, won unanimous Senate approval Tuesday. It is sponsored by Reps. Blaine Hocker (R-Dauphin) and Baker Royer (R-Lancaster).

The last deadline set for the bonus, which was paid off to a large extent in 1950, was Dec. 31 of that year.

William Pitt was prime minister of England at the age of 24.

## SEE ROCKY PATH AHEAD FOR RENT CONTROL BILL

WASHINGTON (AP)—A five-month extension of federal rent controls has won the approval of the Senate Banking Committee but it faces a rocky path toward final congressional passage.

The committee pulled a surprise yesterday by voting 10-5 to accept President Eisenhower's recommendation for continuance through Sept. 30 of the ceilings which cover 5,600,000 housing units throughout the nation. These represent about one-third of all rental units.

At the same time, it approved 12-3 a controversial provision to give the President power to freeze all prices, wages and rents in a war crisis.

**Floor Fight Coming**  
These were the two major sections in a package economic controls bill on which the committee finished action. It also would ex-

tend powers which the administration has asked to continue the mobilization buildup.

Senators Bricker (R-Ohio) and Bennett (R-Utah), who were in the minority on rent controls extension and the 90-day freeze in the committee votes, said today they would fight to knock them out on the floor.

Present federal rent curbs are of two kinds.

**5-Month Extension**  
General ceilings now cover about 4,300,000 housing units in 1,400 cities including such big ones as Chicago, Philadelphia, St. Louis, Boston, Baltimore, Minneapolis, St. Paul and Cleveland. These lids were kept on last year by affirmative vote of city councils; they are now scheduled to die at the end of this month.

The committee voted to continue them for five months.

The other rent controls are ceilings which apply in critical defense areas where the housing shortage results from some big military project. These cover 1,300,000 housing units and also die April 30.

**Ask Year More**  
The administration asked for a

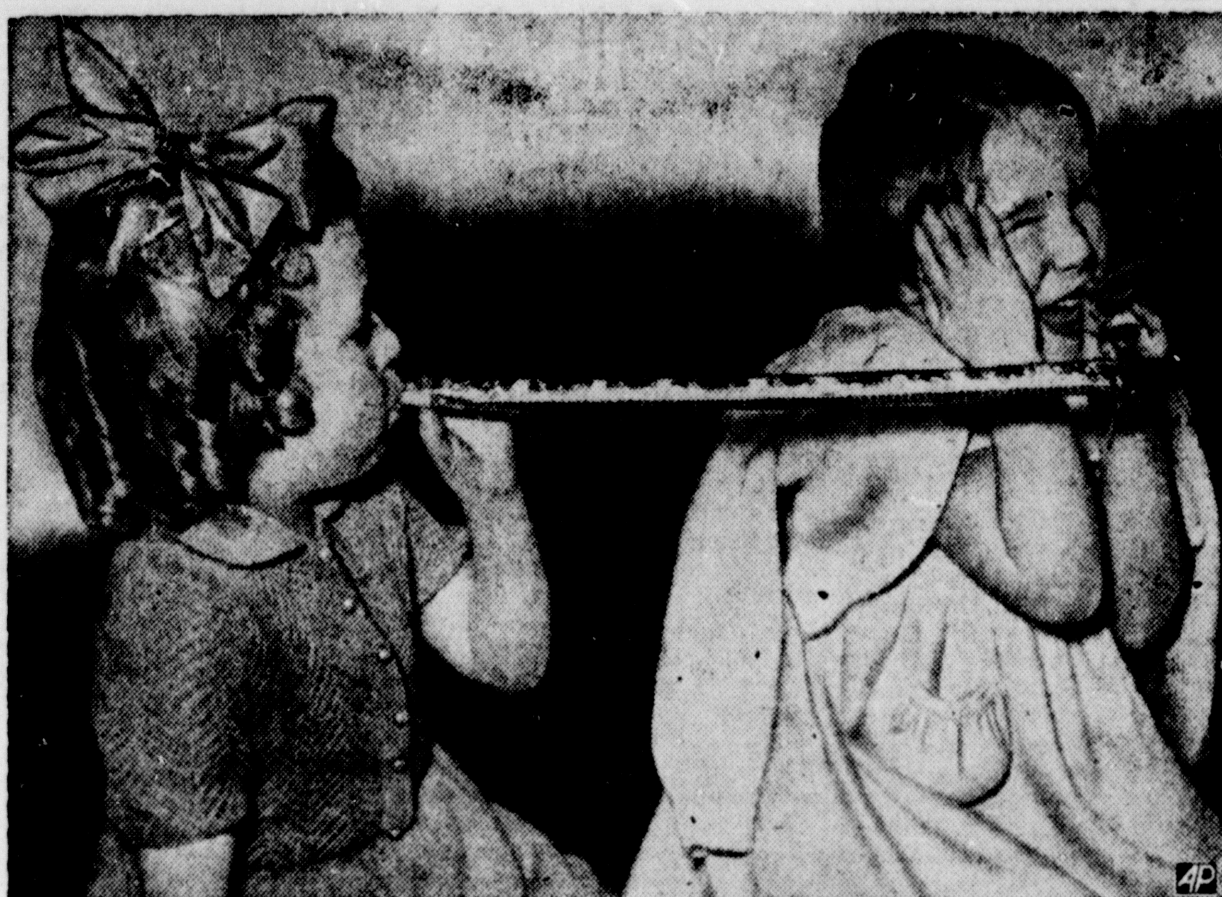

year's extension of the critical area ceilings and the committee went along with this, voting for a new expiration date of April 30, 1954.

However, the senators wrote into their bill a tighter definition of critical areas which will disqualify many of the communities now covered. The new definition, to take effect Sept. 30, would exclude a private industry defense plant as a reason for a critical area classification.

Under the extension of both types of ceilings voted by the committee, local governing bodies could wipe out the lids at will.

In the House, no committee action has been taken as yet on rent ceilings. Chairman Wolcott (R-Mich) of the banking committee has been cool toward any extension of general federal rent ceilings.

Toast bread on one side under the broiler. Spread the untoasted side with baked beans and sprinkle with grated yellow cheese. Place under the broiler until the beans are hot and the cheese is melted. These sandwiches make a good Sunday night supper course; serve baked apples for dessert.

LAUGHTER IN HOLLAND AGAIN — Princess Marijke, right, 6, daughter of Queen Juliana and Prince Bernhard, enjoys a palace party for children evacuated from flood areas.

PHILADELPHIA (AP)—The Philadelphia Orchestra Association Wednesday signed Eugene Ormandy as music director and conductor for a five-year contract to extend to the 1957-58 season.

Orville H. Bullitt, association president, noted this is the fourth five-year contract for Ormandy, who was named music director and co-conductor with Leopold Stokowski after five years of guest appearances.

**HANDYMAN IS CHARGED WITH \$12,500 THEFT**

NEW YORK (AP)—William Marsh, 40, is being held on a fugitive warrant charging him with a \$12,500 robbery of the Montauk Hotel at Asbury Park, N. J.

Police arrested Marsh, a part-time hotel handyman, in a bar in the Times Square area on Tuesday, and said \$11,984 of the cash was recovered.

After being booked, Marsh spent the night in jail to await a hearing in Federal Court. Extradition action will follow.

Magistrate Eugene Capibianco of the Asbury Park Municipal Court

issued the warrant for Marsh's arrest Tuesday, after the robbery was reported.

**Had Money In Closet**

Albert Poreca, owner of the Montauk Hotel, hired Marsh to help redecorate the hotel about a week ago. Poreca discovered the robbery Tuesday morning.

The cash—\$500, \$100 and \$10 bills—had been left in a tin box in a utility closet. Poreca said he had drawn the money from a bank on Friday in order to make a mortgage payment and settle repair bills.

Police learned that an Asbury Park cab driver drove a man answering Marsh's description to the Times Square area. Poreca and two Asbury Park detectives, Thomas Smith and Patrick Mogna, came to New York.

They joined New York detectives in combing through hotels and bars in the area. The search nar-

rowed down until the detectives found a bar where a man answering the fugitive's description had left money with the bartender.

The officers counted \$7,000 in an envelope left in the bartender's care. They waited there. Marsh came back, carrying new clothes for himself and some women's apparel for a girl friend. Police found another \$4,500 in cash on him.

Marsh at first denied the robbery, saying he cleaned up at the race track, but later admitted it under questioning, police said.

# Bill Would Erase Adams-Franklin State Senatorial District; Links Adams, Juniata, Perry, Cumberland

HARRISBURG (AP) — A Senate reapportionment bill that would give one more seat each to Delaware and Montgomery Counties was advanced Wednesday by Sen. Albert R. Pechman (R-Armstrong). He predicted confidently that the bill would be passed, but acknowledged that "some amendments" are likely.

The bill does not provide for reapportionment of the House. Pechman said a separate measure will be drafted to do that.

The bill, quick-talking dentist from Ford City, who is best-known in the state as the author of the controversial Loyalty Oath Law enacted in 1951, described his redistricting plan as "fair."

**Doesn't Upset Balance**  
"Even the Democrats will tell you it doesn't disturb the present political balance in the Senate," Pechman said.

Waving a fistful of colored maps showing his proposed revision, Pechman met with newsmen at midnight following a lengthy special caucus of the GOP Senate majority.

He said the caucus "considered the plan in its entirety but took no action toward approval or disapproval." He went on to say he will introduce the bill formally next Monday. It probably will go to the Senate Reapportionment Committee, of which Pechman is chairman.

His proposal retains Philadelphia and Pittsburgh at their present representation of eight and six seats, respectively, although Pechman said the statewide program is based on one senator for ap-

proximately each 200,000 residents of the state. On the average, each Philadelphia senator now represents 258,000 residents, and each senator from Allegheny County represents 225,000 persons.

**Would End Two Districts**  
Philadelphia and Allegheny County districts would be reshuffled to bring about a more equal division of the representation within the cities, Pechman added, but details on this will be worked out later.

In simplest terms, the plan proposed by Pechman would erase the present 37th (Indiana-Jefferson) and 33rd (Franklin-Adams) districts to permit larger representation for the two suburban Philadelphia areas where the total population has more than doubled since the last revision of Senate districts in 1921.

Pechman proposes to combine Indiana County with Centre and Clearfield Counties, and Jefferson with the present Clinton-Cameron-Elk district.

**Other Suggestions**  
And he suggests that Adams County should be linked with Juniata, Perry and Cumberland, with Franklin made a part of the present Somerset-Bedford-Fulton district.

Along with these changes, he proposes a number of revisions in county alignments. They are:

Forest County to be combined with Warren and Venango. Clarion to be added to Butler and Armstrong Counties, the district Pechman represents.

Mifflin County linked with North-

umberland, Union and Snyder. Sullivan added to the present Bradford - Susquehanna - Wyoming area.

**Avoids Splitting Counties**  
With one exception, Pechman's plan avoids combining part of any county into a senatorial district with other counties.

The exception is Lancaster County, part of which now is represented by Sen. Edward J. Kessler (R) while the remainder of the county is combined with all of Lebanon County in the district now represented by Sen. G. Graybill (R). Pechman would leave that lineup unchanged.

**Asks Churchmen To Analyze Legislature**  
HARRISBURG (AP)—Church leaders from throughout the state have been urged by Gov. John S. Fine to "intelligently analyze and appraise the work" of the Legislature.

"When one begins to talk about taxes he is talking about a very tender and touchy subject," the governor said Tuesday at the fourth annual Legislative Field Day of the Federated Legislative Committee of Pennsylvania.

He expressed confidence that churches will support a tax program to pay for necessary state services, but avoided mention of any specific new taxes.

"I know that you intelligent people are going to respond to the efforts that they (the Legislature) are making to get the dollars to meet all these necessary state services," he said.

Plank steak should be brushed with fat before it is broiled. It will only need about five minutes of high heat on each side. Add salt and pepper when it comes from the broiler and cut it diagonally across the grain in thin slices. Serve the steak slices with a mushroom sauce.

## PUBLISH STUDY OF PRE-SCHOOL CHILD ATTITUDE

BY THE ASSOCIATED PRESS

You can lead a child to nursery school, but you can't make him stay.

Nursery school is a big step for a youngster. It marks his graduation from the shelter of his home to life in a community of his peers. He and his parents may need help if the step seems overwhelming.

How to make this important transition a meaningful and joyous one for the child, his family and the school has been the subject of a three-year study by the Council Child Development Center, which concentrates on the problems of the pre-school child. The center has published its results under the title "The Child Entering Nursery School," by Dr. Joseph Steinert, Mrs. Edith Atkins and Mrs. Theresa Jackson. It is aimed at parents as well as nursery school teachers and people in the nursery school field.

### Rejection Explained

The pamphlet considers such factors as when a child is ready to go to nursery school and how his family feels about his going. Even the child who is not accepted by the nursery school is considered in the study, for rejection has its effect, too, upon all concerned.

"The parent may regard the acceptance or rejection of the child as an acceptance or rejection of himself," the study points out. If his child is rejected without careful explanation, the parent may wonder if he has failed somewhere.

The manual points out that entering nursery school for the first time "confronts a child with challenges at a time when his capacity to deal with them is still rather nebulous." It explains:

"Almost from the very beginning he is expected to get along with his peers, adjust to group living and follow routines that may be at variance with those his parents insist upon at home. He must learn to handle and work with new materials and to relate to strange adults. Too, for most youngsters, this is the first separation from mother over an extended period of the day, an experience bound to arouse some anxiety in the child and frequently in the mother also."

### Copies Available

Talks with the parents, a pre-entrance introductory visit by the child, perhaps even a home visit by the teacher or a school official, all these yield vital information as to how the child should be handled at the beginning of his nursery school experience. The child whose family food consists largely of beans and rice should not be forced into acceptance of the complete nursery school diet nor should a child whose cultural pattern does not include afternoon naps be unceremoniously escorted to his cot after lunch.

The study also points out that even in painful adjustments there is a positive gain for the child. It states:

"For the unhappy child the separation process, although painful, if handled properly, can increase his potential for satisfactory adult-child relationships and, with con-

## Propose One Cent Tax On Fuel Oil

HARRISBURG (AP)—Pennsylvania would impose a one cent a gallon tax on all fuel oil sold or delivered within the commonwealth under a new House bill.

Reps. Edward Dunn (R-Northumberland) and James Musto (D-Luzerne) introduced the bill Tuesday night.

Lawmakers from the anthracite area have long sought such a tax without success. It is designed to promote the sale of hard coal for more heating.

Continued support of the mother, lead to an improved mother-child relationship.

Copies of the study may be obtained from the Council's offices, 227 East 59 Street, N.Y.C., at 50 cents.

## TAKE A CHANCE, SINGER ADVISES YOUNG PEOPLE

By VIVIAN BROWN  
The Associated Press

Use your teens to build for your twenties. That's the advice offered by glamorous Mildred Miller, who at 26 years of age finds herself a star of the Metropolitan Opera.

"Young people sometimes tend to let well enough alone with their gifts and talents instead of exploring tentative interests. There are many teen-agers who flirt with the idea of being a nightclub singer, a recording artist, a musical comedy star or even an opera singer, but few of them do anything to make their dreams come true."

Mildred's own story is a good case

in point. She had taken piano lessons from early childhood and in high school acted as accompanist and soloist for school affairs and programs. She might have continued in that secure spot, if she hadn't had faith in herself. She explains:

### Sang In Choir

"I got interested in singing because I sang in our church choir. When I got a solo once and felt the thrill of feeling my voice soar out I found a thrill that piano playing never gave me. I didn't know if I could really sing, but I figured I was young enough to take a chance and find out. When you are in your teens you have time to waste on this kind of exploration."

Mildred offers these pointers to ambitious young people and those who need to be pulled out of a rut:

1. Participate in school or church events. It doesn't matter whether you go to a small or a medium sized one. Extracurricular events in all schools are planned chiefly to

draw young people out and create school spirit, so don't be shy about volunteering or applying for school jobs. An interest in reporting can develop on the school paper. The stage is full of talented young people who got their first theatrical experience acting, designing scenery or making costumes for school productions. A college or university radio station can offer practical working experience.

2. It's a good thing to be adamant about your talent, but if you find your interest in one kind of activity waning in favor of another, give yourself a chance to find out how deep your interest is in the new field. (Mildred did this when she switched from piano to voice.)

### Believe In Dreams

3. Take your dreams seriously. Don't be self-consciously afraid that they are too big for you. If it weren't for dreams, we would not have the telephone, airplane or the discovery of radium. We limit ourselves when we do not give our dreams a chance

to come true.

4. Be realistic. Have a plan of action and set your sights. Rather than be turned down for a lack of experience on the job that you are anxious to have, get the required experience before you apply for it. If the odds are against you as a newcomer, wait a while and get a professional business standing elsewhere.

5. Be down to earth about yourself and your ambitions, so that those who are responsible for your welfare won't be reluctant to give you another chance. Parents and teachers will help you if you show definite talent for the thing you are aiming to do.

In order to get attention, Mildred went to Europe to gain experience on the opera stages abroad before she tackled the Met. She sang in Italian and German opera companies and got many opportunities that she would not have gotten in musically crowded New York, she says. Sheer luck entered into this

city's residential districts.

Officials said that families forced to move out of depressed areas did not bother to take their pets with them. The orphans, traveling in of food. Police said they had received more than 300 dog complaints packs, are ranging the city in search from residents within two weeks.

## Ike Must Decide How Much Defense U.S. Needs Despite New Peace Gesture By Reds

By JAMES MARLOW

WASHINGTON (AP)—President Eisenhower is undergoing a test upon which the future may judge the success or failure of his administration, since the welfare of this country and the world are equally involved.

His test is how he answers the question: What does this country do if the Communists ease up on their irritations and the world is suddenly enveloped in the cozy blanket of peace?

He seems to have made clear he realizes this is a supreme test of far-sighted wisdom, realism and calmness against the shifting tactics of the Communists.

In his news conference last week he said he himself will take responsibility for cutting money for the armed forces to the lowest level that is safe for the nation.

**Takes Full Responsibility**

He could have put that another way—thus making Secretary of Defense Wilson look a little more important—by saying he and Wilson would go over the whole problem and make a decision.

Wilson has the job of wrestling with the admirals and generals to reduce defense spending.

Eisenhower may have felt that on a decision of such magnitude he wanted it understood that he was strictly his own man and that, as president, no one could be asked to share such responsibility with him.

Ever since the administration took over there has been strong desire in Congress to cut all government spending, including money for defense, so the budget could be balanced and taxes cut.

After the presidential election and through his first weeks in office, the major task facing Eisenhower was how he could successfully end the frustrating Korean War.

**New Red Gesture**

But before Eisenhower could cut loose with any kind of major attempt to end the war, it seemed closer to an end than at any time in almost three years because abruptly the Communists were willing to make concessions.

Everywhere, in Russia and China, the Communists began making peaceful sounds. They might truly be willing to end that war if by so doing they could lull this country into slowing up on defense. That would mean slowing up

Western Europe's defense too.

To some members of Congress the prospect of peace in Korea may have seemed like a golden reason for cutting expenses.

Eisenhower will have to look hard at the whole future, judging the desire and need for economy against the chance that next year or five or 10 years from now the Communists may reverse their field and strike again.

He has said plainly this country must remain defensively strong. His great problem is: Just how little can this country safely spend to stay strong enough for any sudden Communist move which might not come for a generation?

### State May Take Over New Section Of Road

HARRISBURG (AP)—A new 3.3 mile stretch of road in Delaware and Philadelphia Counties would be placed under state maintenance under terms of a bill introduced in the General Assembly yesterday by Sen. G. Robert Watkins (R-Delaware).

The section would begin on Route 313 in Upper Darby Township and run 0.3 of a mile to the Philadelphia city line.

In the city it would run north-easterly and easterly to a point near the intersection of Vince and Daggett Sts., east along Vince to a point near 52nd St., and northeasterly along Brown to a point near the intersection of Brown and Route 67,010.

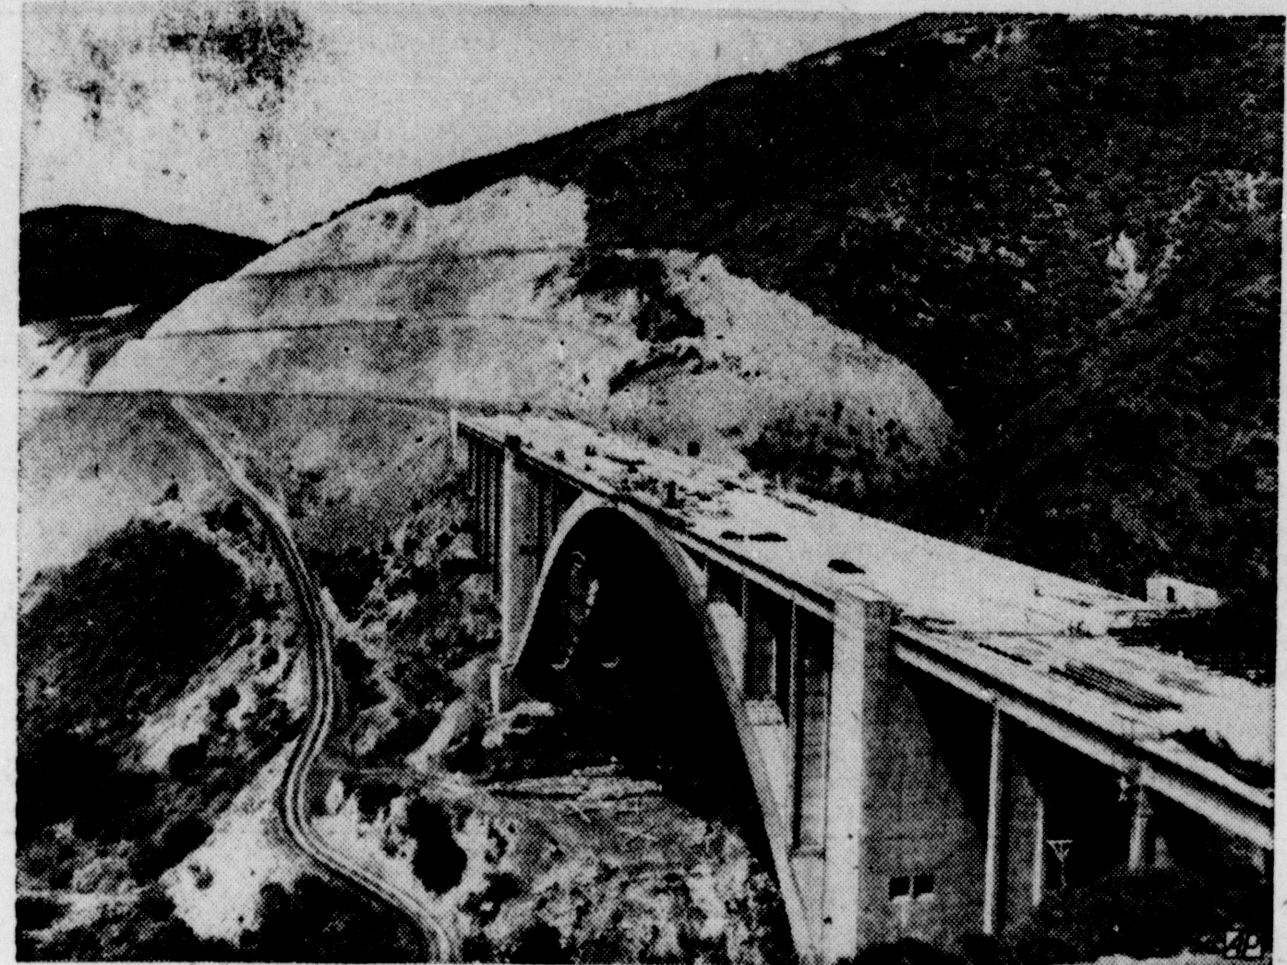

**Another Section Of Turnpike Proposed**

HARRISBURG (AP)—The Pennsylvania Turnpike Commission would be authorized to build another extension of its toll road to go along the Delaware River through Philadelphia under a new House bill.

The proposed leg would run south from the spot where the turnpike's eastern extension would end near Tullytown, Bucks County, to Packer Ave. in South Philadelphia.

The bill was sponsored by Reps. Harry R. Comer, Albert Leven, both Philadelphia Democrats, and Lawrence A. Connor Sr. (D-Delaware).

About two-tenths of one per cent of the cultivated area of the United States is used to grow sugar beets.

**GOING ROUND THE MOUNTAIN**—Work nears completion on pre-stressed concrete bridge between La Guaira and Caracas, Venezuela, in foothills of Andes. Bridge is 1,030 feet long, has 500-foot span 220 feet above creek and is one of longest of its type in world.

## UN And Red Emissaries To Sign Prisoner Exchange Pact Friday

MUNSAN, Korea (AP)—United Nations and Communist liaison officers today signified they would sign tomorrow an agreement for a pre-armistice exchange of sick and wounded prisoners of war.

Each side said it was willing to begin the trade within 10 days from the date of the signing.

The Reds turned down a U. N. attempt to get them to increase the number of POWs they said they would turn over to the Allies. The Reds stuck to their figure of 600—including probably not more than 125 Americans.

**Wouldn't Sign Today**

The Allies have said they are ready to send back 5,800 disabled Red captives, 5,100 North Koreans and 700 Chinese.

Rear Adm. John C. Daniel, chief U. N. liaison officer, said he tried three times in the meeting at Panmunjom Thursday to get the Communists to sign the agreement. They wouldn't get out their pens, he said, but they told him they would be ready to sign at tomorrow's 11 a.m. meeting.

The Communists today promised to hand over sick and wounded Allied POWs at the rate of 100 a day. They said they would receive 500 disabled Reds from the Allies each day.

**Silent On Truce Talks**

Daniel said no reference had been made inside the Panmunjom conference hut to a resumption of the main truce talks.

Red China Premier Chou En-lai has proposed this and U. N. Commander Gen. Mark Clark has asked top Red leaders in North Korea for specific details of Chou's plan, but so far there has been no Red reply.

If an exchange of sick and wounded POWs goes well, Clark has indicated that he might agree to sending his armistice negotiators back to Panmunjom.

### Amateurs Operate Memorial Station

HARTFORD, Conn. (AP)—The American Radio Relay league, organization of "ham" operators, maintains its own station on a seven-acre tract near here. Its known as the Maxim station, a memorial to Hiram Percy Maxim, founder of the league.

The station's call is WIAW, is on the air daily, with the operation divided between the different wave bands and different types of transmission. For instance, telegraph and phone transmitters are provided for all frequency bands from 18 to 144 megacycles. It makes a point of inviting amateurs anywhere to make contact.

**MICE AID RESEARCH**

BERKELEY (AP)—University of California scientists are increasing the production of special strains of mice which aid in the state-wide fight against cancer.

Some 1200 mice are now shipped each month to 16 cancer research agencies in California. Each animal, through heredity, is susceptible to specific types of cancer. It is this factor that makes them valuable for research.

## Republicans Are Hopeful Of Passing Sales Tax Act Despite Heavy Opposition

HARRISBURG (AP)—House Republican leaders refused today to concede possible defeat of the sales tax in the face of mounting rank-and-file opposition.

Rep. Albert W. Johnson, Republican floor leader, said he felt the levy, now revised downwards from two to one per cent, would pass the House.

It comes to a vote as a special order of business at 11:30 a. m. "We're not conceding defeat at all," he told a newsmen. "We are optimistic the bill will pass."

But the list of anti-sales tax Republicans grew to seven despite efforts by the GOP leadership to make the measure more palatable by passing additional exemptions from the impost.

An actual show of hands among Republicans is scheduled for a closed caucus at 9 a. m. There was a possibility that the leadership may give up the idea of a House vote on the levy if they are unable to corral enough GOP votes in caucus.

**Doubts Passage**

Rep. August Metz (R-Pike) said he doubted if enough Republican votes can be mustered to push the sales tax through the House at this time.

Metz is one of the seven GOP members who announced they will vote against the levy. To further harass the Republican leadership, two other Republicans—Reps. Clarence E. Moore (Clinton) and G. Edgar Kline (Schuylkill)—are absent because of illness.

Without these nine votes, Johnson can hope to obtain no more than 100 Republican votes for a sales tax.

Rep. H. G. Andrews, Democratic floor leader, insisted the 98-vote Democratic bloc is solidly against the tax. Andrews already has threatened expulsion from the party caucus for any Democrat who crosses the line to back the sales tax.

The Senate went home last night after its Republican members refused to change its position in favor of a one per cent sales tax.

**Worley Against Tax**

House GOP chieftains sought a commitment for a two per cent sales tax but the Senate GOP caucus refused to go along.

The seven GOP representatives who told a newsmen in separate interviews they will vote against the sales tax today are Reps. Metz,

Francis Worley (Adams), John S. Shotwell (Monroe), Joseph A. Ide (Northampton), Clair H. Peiffer (Northampton), Charles R. Reagan (Union) and John E. Dubois (Clearfield).

Democrats lost by a 104-95 vote last night a move to delay indefinitely a vote on the sales tax until a further study is made of Gov. John S. Pine's demand for 157 millions in new revenue to balance the commonwealth's proposed \$1,400,000,000 budget for the next biennium.

Before the Senate got out of town, it passed a bill to require back-filling of surface mine operations in such a way as to protect nearby streams from pollution and high-ways and buildings from damage. It went to the House.

**Want Highway Report**

The House passed legislation to require the Highways Department to submit a detailed budget on expenditure of 340 million dollars in the next two years. It went to the Senate.

The lower branch also approved a proposed constitutional amendment to authorize absentee voting. If approved by the Senate, the amendment would have to be passed again by the 1955 Legislature before going to the voters for ratification.

New amendments to the sales tax bill adopted by the House last night would:

Exempt medicine obtained by prescription from the tax.

Exempt farm equipment and machinery, feed, seed, fertilizer and spraying supplies used in food production from the tax.

Increase from five cents to 10 cents the amount of a purchase which would be tax-free. The revision also provides that the tax would be a cent on purchases of from 11 cents to \$1. On purchase costing more than a dollar, the tax would be one cent for each dollar or fraction of a dollar.

**Pay Retailers**

Give retailers a three per cent commission for their work as collection agencies for the tax.

Provide that merchandise traded in on new articles shall not be considered as part of the purchase price and therefore subject to the tax.

At the one per cent rate, the sales tax would bring in 140 millions a year.
